### Wednesday, September 28, 2016, 5:15 p.m. Meeting Minutes

The mission of Odyssey Charter School, working in partnership with the family and the community, is to help each child reach full potential in all areas of life. Our aim is to educate the whole child with the understanding that each person must achieve a balance of intellectual, emotional, physical, moral, and social skills as a foundation for life.

### A. OPENING EXCERCISES

- Call to Order & Establish Quorum The meeting was called to order at 5:15 p.m.
  Those in attendance were Thomas Cole, Sonja White and Amanda Larson.
- Pledge of Allegiance
- Adoption of the Agenda Adopted under one motion by Thomas Cole; seconded by Sonja White.
- B. PUBLIC COMMENT (Members of the public that wish to address the Board must sign-in and will have 3 minutes to speak. The Board will not address the presenter or take action at this time)

### C. INFORMATION

1. Review of the Bylaw Amendment and Student Enrollment Policy revision — Cindy Gilmore reviewed the Bylaw Amendment and Student Enrollment Policy revisions and explained that they have been revised with language from the new legislation.

### D. PUBLIC PRESENTATION

- 1. HLB Gravier Presentation of the Oasis annual audit Angelo from HLB Gravier presented the Oasis Prep annual audit to the Board. There was a clean opinion and no findings for either school.
- Orion Orange Constance Ortiz advised the Board that there is a property in Orange County where a school could be built for Orion Orange. There is a city-run charter school located near the property. We will have discussion in a future meeting regarding partnership with this charter school, a possible name change, and a possible charter revision to serve grades 4-8.
- 3. Wyoming Campus Purchase Rich Moreno and attorney Melissa Gross-Arnold addressed the Board on the options and possible offer for the purchase of the Wyoming Campus. The Management Company and Board member Amanda Larson are working together with Rich Moreno and attorney David Cohen on this process. The Board, as a whole, will make the final decision. An overview was given on the negotiation process with the Bond Holders. A letter of intent has been drawn up for Board approval. The letter of intent includes an offer and general business terms. Melissa explained that once the letter of interest is accepted, negotiations would begin towards a purchase and sale agreement. Attorney David Cohen, who is presented to

the Board tonight to be retained as representation as borrowers counsel for the purchase, developed the letter. The business terms were discussed with the Board. David Cohen introduced himself. He has done a substantial amount of charter school facility acquisition projects. Wesley Bradish, who is representing the Bond Holders and is with RBC Bank, engaged by the trustee. He works with Richard Moreno.

### E. MANAGEMENT COMPANY REPORT

1. Auditor Selection - Beth Crist discussed with the Board the reasons why the school would like to continue working with HLB Gravier as the auditors for the OCS, Inc. schools. The auditors' work well with the schools and during the SACS accreditation process, the school feels it would be best to not change auditors.

### F. ADMINISTRATOR REPORT

- 1. Odyssey Charter School Presentation of SIP including the proficiencies, learning gains, goals and strategies to meet the goals.
- 2. Odyssey Preparatory Academy Presentation of SIP including the proficiencies, learning gains, goals and strategies to meet the goals.
- 3. Oasis Preparatory Academy Presentation of SIP including the proficiencies, learning gains, goals and strategies to meet the goals. Constance advised the Board that there are two Green Apple consultants that will be supporting the Site Administrator and the school to help raise learning gains. Constance explained that enrollment has decreased. There may be, as necessary, recoverable grants from the church and OCS provided to assist Oasis.
- G. CONSENT AGENDA (Items below are considered routine and will be approved in one motion. There will be no separate discussion of these items unless a Board Member so requests, in which case the item(s) will be removed from the consent agenda and considered and placed on the Action Agenda) Approved under one motion by Thomas Cole; seconded by Sonja White.

- B. PUBLIC COMMENT (Members of the public that wish to address the Board must sign-in and will have 3 minutes to speak. The Board will not address the presenter or take action at this time)

### C. INFORMATION

1. Agreement for Financial Advisory Services — An agreement has been presented to the Board for financial advisory services with Charter School Services Corp, a Building Hope affiliate. The agreement will be reviewed by the OCS, Inc. attorney to be presented to the Board for approval at the next Board meeting.

### D. PUBLIC PRESENTATION

1. Presentation of facility finance options – Richard Moreno, Building Hope and Constance Ortiz, Green Apple School Management – Richard Moreno explained to the Board his role with Building Hope as they are registered municipal advisors and work with the bond underwriting process and facility financing. He continued to present several finance options for acquiring and structuring facility purchases and refinancing. He stated the current interest rates are low. There are options to refinance the Eldron site and purchasing the Wyoming site using equity to offset. The options presented were traditional bank borrowings or the issuance of tax-free municipal bonds. Thomas Cole asked Mr. Moreno what his recommendation would be. Mr. Moreno explained that the bonds are at their lowest interest rate, and with the bank, the school would need to refinance every 5 years because of the change in interest rates. The bonds are fixed. Amanda Larson asked what is the compliance with the bonds. Mr. Moreno explained that the school would submit an annual S&P credit rating to the bondholders. It was recommended by the school's attorney that a Board member work directly with the

management company as support to work through the bond process as there is some compliance and due diligence involved. Mr. Moreno explained the structure of the team that would be involved during the bond process. Constance asked the Board members if they would discuss which Board member would be willing to work with Constance and Green Apple on the bond issuance process. Amanda Larson offered to be the designated Board member representative to lend support with the process. Constance asked what the process would be like. Mr. Moreno explained that the team would hold a weekly call to meet regarding the progress of the bond issuance. After Leslie Maloney inquired about forming a separate non-profit during the process, Mr. Moreno also explained the benefit of forming a separate non-profit for protection of the corporation.

- E. ACTION AGENDA (Items for Discussion by the Board)
  - 1. Thomas Cole made a motion to appoint Amanda Larson as the designated Board member to lend support with Constance Ortiz and Green Apple School Management with the bond issuance process. The motion was seconded by Leslie Maloney, and passed unanimously.
  - 2. Leslie Maloney made a motion to approve the Charter School Services Corp agreement for financial advisory services providing there are no changes in fees and scope of services and contingent upon review by attorney. The motion was seconded by Amanda Larson, and passed unanimously.

### THIRD AMENDMENT TO AMENDED AND RESTATED BYLAWS

**OF** 

### ODYSSEY CHARTER SCHOOL, INC.

THIS THIRD AMENDMENT TO AMENDED AND RESTATED BYLAWS ("Amendment"), of Odyssey Charter School, Inc. ("Corporation"), is intended to amend the Amended and Restated Bylaws of the Corporation, which were adopted and effective as of August 23, 2012, amended on December 18, 2014 and on July 22, 2015 (referred to collectively herein as the "Amended and Restated Bylaws").

WHEREAS, the Corporation would like to amend its Amended and Restated Bylaws to reflect a clarification to the laws pertaining to quorum for charter school governing boards which was enacted by the Florida Legislature in 2016.

NOW THERFORE, in consideration of the foregoing premises, the Amended and Restated Bylaws are amended as follows:

1. The "Quorum" subsection Section IV, Operation of Board of Directors, is amended as follows:

Quorum: A majority of the authorized Directors then in the office shall constitute a quorum for the transaction of business. Directors may participate via telephone conference or other interactive electronic technology communications media technology as set forth in Section 1002.33(9), Florida Statutes, and in accordance with the rules adopted by the Administration Commission pursuant to Section 120.54(5), Florida Statutes. Directors attending the meeting in such manner will be counted as part of quorum. The act of a majority of the Directors present, in person or by communications media technologyelectronically, at any meeting at which there is a quorum shall be the act of the Board of Directors except where otherwise specifically provided by statutes or by these Bylaws.

2. All other provisions of the Amended and Restated Bylaws will remain the same, and the Amended and Restated Bylaws, as amended hereby, shall remain in full force and effect.

The foregoing Third Amendment to Amended and Restated Bylaws of Odyssey Charter School, Inc., was adopted and approved this 28th day of September 2016 by a 2/3 majority of the Board of Directors of the Corporation currently in office who received notice of the proposed Amendment at least seven (7) days prior to their vote.

RE: OCS, Inc. Student Admission Policies Revision

Beginning with the 2017-2018 school year, new legislation allows a parent to seek enrollment in and transport his or her child to any public school in the state, including a charter school, which has not reached capacity. This new legislation will allow any student in the state to attend an Odyssey, Inc. school providing they are not subject to a current expulsion or suspension, and are also subject to the lottery.

The Student Admission Policy has been revised to be consistent with the language of the new legislation.

### **FISCAL IMPACT**

None

### RECOMMENDATION

Motion to approve the revised Student Admission Policies and Procedures.

OCS, Inc. Board of Directors

### ODYSSEY CHARTER SCHOOL, INC. VIII. STUDENT ADMISSION POLICIES AND PROCEDURES

This policy applies to each of the schools operated by Odyssey Charter School, Inc. References to "school" refer to the individual school operated by Odyssey Charter School, Inc.

Students are accepted on a first come, first served basis, unless the number of applications exceeds the number of seats available in any class at the school.

Student applications for the upcoming school year are accepted beginning January 1st, and allows students from any school district in the state, providing the student is not subject to a current expulsion or suspension order, to seek enrollment if the school has not reached capacity. A student from another district seeking enrollment under the controlled open enrollment process may not displace students enrolled at the school who reside in the school district. Therefore, if the number of in-county applications exceeds the number of seats available for any grade level at the school, applications for students from outside the county will be placed on a waiting list for that grade level, and will be enrolled after all in-county applicants have been offered any open seat. A student from outside the county whose application is accepted may remain at the school until the student completes the highest-grade level offered by the school.

Unless the CSP Grant admission process is followed as described below, after priority admission, if the number of applicants remaining is less than the number of seats available for any grade level at the school, all applicants are admitted. If the number of applicants exceeds the number of seats available, the remaining applicants are placed in a lottery per grade level, and students are admitted as they are drawn from the lottery until each class is filled. \*\*A lottery is conducted on February 15<sup>th</sup>. The remaining applicants that were not admitted through the lottery process are placed on a waiting list in the order drawn from the lottery. Students who apply after the deadline will be placed on the waiting list after the lottery applicants on a first come, first served basis.

Parents are notified in writing of their acceptance within a month following the lottery, and must attend a school orientation. Parents whose child has been accepted must register their child(ren) during the designated registration week. Failure to attend school orientation or register within the designated registration week may result in loss of seat.

### **Application Process**

Applications may be obtained at the office or on the school's website. Applications may be submitted to the front office of the school. Upon submission, all applications will be screened for completeness. Kindergarten parents must provide proof of child's age during application process. The child must be 5 years of age by September 1<sup>st</sup> of the school year in which the student is applying to attend Kindergarten. Applications for admission received after February 15<sup>th</sup> will be assigned a number and added to the waiting list for the appropriate grade level if a lottery has been conducted. Students not

selected for admission may reapply starting in January for the following school year. If any information on the application is false or not openly disclosed, it may be grounds for immediate withdrawal.

### Parent Contact Information

If parent/guardian contact information changes on the application, please notify the school immediately. If the parent/guardian cannot be reached, the student application will be withdrawn from the waiting list.

### **Enrollment Preference**

Florida Statute provides that the school may give enrollment preference to certain student populations. Students with enrollment preference will be offered admission without going through the lottery process provided their applications are received and accepted by the deadline and space is available for the appropriate grade level. If there is not space available at the appropriate grade level to accommodate all applicants with enrollment preference, a lottery will be held among enrollment preference applicants to fill the available spaces. Students who will receive enrollment preference include students who:

- are siblings of a student enrolled in the school;
- are children of a member of the Governing Board;
- are children of an employee of the school;
- have successfully completed a VPK Program provided by the school or the school's Governing Board during the previous year;
- are children of an active duty member of any branch of the United States Armed Forces.\*\*

### **Lottery Process**

A lottery will be held to fill those vacancies that remain after enrollment preference is given. Parents will be notified in writing of their child's acceptance no later than 21 days after the acceptance period deadline and have 15 days to notify the school in writing of their decision to attend.

### Waiting List

A waiting list will be maintained for each grade level if applications exceed available space. Parents will be notified in writing if their student has been placed on the waiting list. All vacancies for the current school year will be filled from the waiting list. The waiting list does not carry forward to the next school year.

### School Orientation and Registration

Each accepted student and their parent/guardian are required to attend a School Orientation in the Spring. Parents/guardians must attend registration.

Parents must provide a copy of the child's birth certificate, immunization records, physical exam and proof of promotion at the time of registration.

### Alternative Lottery Process for Schools Receiving Federal Funds through the Charter School Program (CSP) Active Grant Period.

Some schools operated by Odyssey Charter School, Inc., may have received Federal Charter School Program Grant funds and will need to follow Federally-approved procedures for application and lottery. The school website and application will indicate if these alternative procedures are followed by the school.

Student applications for the upcoming school year are accepted beginning January 1st. After priority admission, if the number of applicants remaining is less than the number of seats available for any grade level, all applicants are admitted. If the number of applicants exceeds the number of seats available, the remaining applicants are placed in a lottery per grade level, and students are admitted as they are drawn from the lottery until each class is filled. The remaining applicants that were not admitted through the lottery process are placed on a waiting list in the order drawn from the lottery. Students who apply after the deadline will be placed on the waiting list via a subsequent lottery.

Parents are notified in writing of their acceptance within a month following the lottery, and must attend a school orientation. Parents who's child has been accepted must register their child(ren) during the designated registration week.

Schools receiving federal funds through a CSP Grant must adhere to federal guidelines for student enrollment during the active grant period. The Enrollment Preferences are not permitted for the student enrollment procedures for such schools while they are receiving Federal funds through the CSP Grant. However, in accordance with the CSP Grant Non-Regulatory Guidance, students in the following categories will be offered admission without going through the lottery process provided their applications are received and accepted by the deadline set forth below and space is available for the appropriate grade level. If there is no available space, they will then receive priority placement on the waitlist. The categories of students are as follows:

- are siblings of a student enrolled in the school;
- are children of a member of the Founding Governing Board;
- are children of an employee of the school (provided the total number of students allowed in this category constitutes only a small percentage of the school's total enrollment);

The school cannot accept students on a first-come, first-served basis during the CSP active grant period. The following timeline will be followed for enrollment:

January 1: Student registration period begins

February 15: If the number of applicants exceeds capacity, a lottery will be

conducted. Students who have registered will be officially

enrolled.

February 16: Second registration period begins

March 1: If the number of applicants exceeds capacity, a lottery will be

conducted. If the number of applications falls short of the

established capacity, supplemental registration periods may be held

for the purpose of reaching student capacity.

After the March 1<sup>st</sup> or any subsequent period in which the school receives more applications than spaces available, the school will conduct a lottery using the procedures described in this policy for active Federal CSP Grant Recipients.

RE: The Tech Company Revised Pricing Addendum

The Tech Company proposed a renewal of their technology managed services to increase the capacity of technology the schools need to increase the infrastructure, as well as, monitoring all technology off-site at the June 22, 2016 Board meeting. The Board approved to continue services with The Tech Company by approving the Independent Contractor Agreement with The Tech Company.

The school's on-site technology employee is no longer with the school. The Tech Company has placed an additional employee at the OCS Elementary campus in lieu of the school replacing an employee at the request of the Site Administrators, and will remain an employee of the Tech Company. The pricing addendum has been revised to reflect the additional cost for the technician assigned to OCS Elementary.

Billing shall be allocated by time and billed in the related pro-ration to each school directly to each school by the contractor.

### **FISCAL IMPACT**

An additional \$3,200 per month for the remainder of the contract.

# Communication of School Improvement Plan:

Briefly explain how the mission, vision and school improvement plan is communicated to all stakeholders.

- 1. Founder and Head of Schools, along with Leadership Team, presents our mission, vision, and school-wide data during preplanning to all staff and teachers in preparation for the development of the school improvement plan.
  - Ongoing conversations about the implementation of the School Improvement Plan take place in weekly Professional Learning Communities. 7 m
- Information about the school's mission, vision, and school-wide improvements is provided to our families via our summer newsletter and orientation days, and is shared out during our Title I Open Houses during the month of September. In addition, the final School Improvement Plan is posted on our school
- The School Advisory Council will review the School Improvement Plan at the fall meeting. 4,

The SIP team utilized state data, Study Island (standards-based assessment system), Fountas and Pinnell Benchmarking Assessment System (BAS), End-of-Course Assessments (EOCs) and district assessments FLKRS/FAIR to determine the needs for this plan. Additionally, the team reviewed school culture and climate data such as average daily attendance rates and number of office referrals as well as the monthly suspension rates.

Analysis of Current Practice: (How do we currently conduct business?)

student data was anafyzed, areas in need of instructional support were determined and intervention/enrichment groups were established. As a result of this process, curriculum maps and scope and sequence documents were created where grade level teams worked to align their curriculum to the Florida Standards and the NGSSS implementation of curriculum, standards, and school-wide policies. During pre-planning teachers were led to in an analysis of data from several sources. Once the During the 2016-2017 school year, grade level teacher leads and subject area leads were responsible for working within their grade levels to ensure the consistent standards. At midyear, Study Island data will be used to develop content and grade level intervention/enrichment action plans.

understand and implement the MTSS process with fidelity and strategies for our learners in the lowest 25%. Administration, Coaches, and Teachers are being provided Analysis of this year's learning gains has resulted in the school recognizing the need to provide additional training and support for teachers in order for them to fully with additional training in order to target instruction with the intent to close student learning gaps.

# Best Practice: (What does research tell us we should be doing as it relates to data analysis above?)

system is based on the meta-analysis by Dr. Robert Marzano. His Marzano Research website outlines his strategies and gives teachers and administrators tools to Odyssey schools will be transitioning to a new teacher evaluation system this year called iObservation. The underlying philosophical framework of the evaluation help teachers become more effective.

Marzano's research suggests that a combination of the following school improvement components will ensure student academic success:

- Setting high academic and behavioral goals at the school, class/teacher, and student levels (school improvement plan, teacher action plans, student data notebooks) and communicating those goals with all stakeholders (Title I, parent involvement plan, SAC).
- Providing feedback at the teacher/student level, teacher/teacher level, and at the administration/teacher level (walkthroughs and formal/informal evaluations).
- Building rigorous, high-quality lessons that allow students interact with new knowledge (professional learning communities).
- Establishing a settled and calm school and classroom environment (positive discipline).
- Building positive relationships with all stakeholders (parent involvement plan, school climate/culture).
- Planning time to reinforce curriculum not mastered and/or enriching students that have mastered curriculum (ESE/ESOL/Gifted, MTSS, Lowest 25%, Learning Gains)
- making predictions and responding in writing, and using academic games. (Professional Learning Communities, Common Planning, Instructional Coaches, Helping teachers learn new strategies for instruction, like chunking content into smaller sections and then checking for understanding, using media, and Professional Development – Title II) The more engagement and ownership of the learning, the more students will retain.

School Based Objective: (Action statement: What will we do to improve programmatic and/or instructional effectiveness?)

To increase the supports provided to our gifted and talented students and to increase recruitment of gifted and talented students, we have done an analysis of the following:

- Our curriculum to ensure that we are providing high quality resources and text,
- Our enrichment opportunities (course work, classes, field trips, speakers, projects, etc) provided to gifted and talented students,
  - Our services (including instructional time) provided to gifted and talented students,
- Our staffing that supports gifted and talented students,
- Our training of gifted and talented strategies for regular classroom teachers,
  - Our selection and assessment process for gifted placement, and
- Our communication provided to parents of gifted and talented students.

EVALUATION - Outcome Measures and Reflection-begin with the end in mind.

Qualitative and Quantitative Professional Practice Outcomes: (Measures the level of implementation of professional practices throughout the school)

Where do you want your teachers to be? What tools will you use to measure the implementation of your strategies? How will you measure the change in adult behavior? What tool will be used to measure progress throughout the year? Use real percentages and numbers.

100% of classrooms will have a common board configuration and instruction will be standards-based as measured by classroom walkthroughs.

100% of teachers will demonstrate their ability to unpack standards as demonstrated by PLC notes.

100% of lesson plans will be standards-based as demonstrated through lesson plan review by administration.

# Qualitative and Quantitative Student Achievement Expectations: (Measures student achievement)

Where do you want your students to be? What will student achievement look like at the end of the school year 2014-15? What tool will be used to measure progress throughout the year?

Our ELA goal is to increase the following:

Our ELA proficiency from 63% to 66%,

- Our ELA learning gains from 57% to 60%, and
- Our ELA lowest 25% learning gains from 49% to 52%.
- ELA ESE students from 36% to 50%
- ELA Ell. students from 18% to 50%
- ELA for Black students from 50% to 54%
- ELA for Hispanic students from 56% to 62%

# Our MATH goal is to increase the following:

- Our MATH proficiency from 72% to 75%,
- Our MATH learning gains from 70% to 73%, and
- Our MATH lowest 25% learning gains from 50% to 53%.
  - MATH ESE students from 44% to 50%
- MATH ELL students from 32% to 50%
- MATH for Black students from 52% to 56%
- MATH for Hispanic students from 72% to 75%

# Our SCIENCE goal is to increase the following:

Our SCIENCE proficiency from 63% to 66%.

In addition, our ESE Teacher, ESOL Teacher, ESOL Assistant, Gifted Title I funds, we have hired a Math Coach, a Literacy Coach, and a Professional Learning Community Consultant to work with our Leadership Team and our Teacher, Academic Coaches, and Paraprofessionals will be available during the intervention/enrichment blocks to work with students.

students have already learned it?; 5. How will we respond when some students have not learned it? During weekly common planning periods and monthly data will we take as evidence that they have learned it?; 3. How will we plan and deliver first instruction that gets students to learn it?; 4. How will we respond when and the MTSS Leadership Team listen to concerns and problem solve solutions for interventions and prepare the necessary documentation. Student progress is along with our Guidance Counselor, Exceptional Education Coordinator, Exceptional Education Teacher, ESOL Teacher, and our Math and Science Coaches. The team chats, teachers are able to discuss academic and behavioral concerns about students with the MTSS Leadership Team. Members of the grade level team monitored by the teacher and the team and adjustments are made if necessary. If the interventions are not successful based on the time limit set by the team, school utilizes DuFour's (2004) questions that drive the work of the Professional Learning Communities: 1. What is it we want our children to learn?; 2. What Odyssey's MTSS Leadership Team is comprised of our Administrative Team (Head of Schools, Site administrators, Program Coordinator, and Literacy Coach), the student is then referred to the Individual Problem Solving Team (IPST).

The Leadership Team meets weekly through a collaborative process in order to determine the best ways to utilize our human resources to meet student needs. underserved subgroups, low-achieving students, and at-risk students are provided with specific learning strategies for vocabulary, notetaking, and studying to help support their mastery of the standards. Monthly data team meetings provide the opportunity to review student progress and provide additional time intervention/enrichment blocks and classroom walkthroughs. Teachers, staff members and school administrators will use Performance Matters to access and analyze data. District and other benchmark assessments will be utilized to track and monitor student mastery of standards. Students from historically Administrative team members participate in the grade level Professional Learning Communities and follow up through observations during and support as needed.

Grade levels are provided with daily common planning for working in Professional Learning Communities. Odyssey Charter School leverages Title I, III, and In order to support understanding of the MTSS process, the teaching staff is trained during preplanning and on an ongoing basis throughout the school year. IDEA funds annually to support students needing assistance with their learning.

### 21st Century Skills:

A weak area was "rigorous and challenging curriculum." The school is working deeply in Professional Learning Communities in order to help teachers deepen their practice of critical thinking and problem-solving. We expect this process to transfer from the teachers into their classroom practice with their students.

### Safe Learning Environment:

Approximately 90% of Elementary and Jr/Sr High students report that they strongly agree or agree that they feel physically safe at schoo!, while 85% of Elementary maintain school and classroom discipline. Classrooms work on daily class meetings to bring up and solve problems. The school has hired a behavior support person and Jr/Sr High students report that they strongly agree or agree that they feel emotionally safe at school. The school uses Positive Discipline in the Classroom to and a social worker on the Elementary campus and a part time counselor on the Jr/Sr High campus to provide additional support to teachers and students with school safety.

### Online Safety:

safety training through the local police department for our students and families. The school also plans to bring in an officer from the Sheriff's Office to speak with The school will continue to work with teachers to ensure that all students are educated about online safety at school. The school plans to continue to offer online students and families about online safety and cyberbullying.

## Early Warning Systems (SB 850)

Describe the school's early warning system and provide a list of the early warning indicators used in the system. This list must include the following:

### ELEMENTARY

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- One or more suspensions, whether in school or out of school
- Course failure in English Language Arts or mathematics
- Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics
- Students who are not proficient in reading by third grade

### SECONDARY

- Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension
- One or more suspensions, whether in school or out of school
- Course failure in English Language Arts or mathematics
- Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics
- Provide the following data related to the school's early warning system: 2
- The number of students by grade level that exhibit each early warning indicator listed above
- The number of students identified by the system as exhibiting two or more early warning indicators
- Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system (i.e., those exhibiting two or more early warning indicators). m

Students with the following indicators will be discussed by the leadership team and the following strategies will be put in place:

(Strategies for meeting the educational needs of historically underserved subgroups, low-achieving, and at-risk students are included in each strategy below.)

### **Odyssey Warning System**

- Students with 3 unexcused absences in a calendar month are documented on the truancy checklist and are referred to the guidance counseior.
- Students with 5 unexcused absences are referred to the IPST for attendance meeting. If a medical issue is present, the IPST team will initiate a physician's statement.
- Students with 10 unexcused absences in a semester will be referred to the attendance resource office and will be documented on the truancy checklist.
  - Students with one or more suspensions, whether in school or out of school will have a parent- administrator re-entry meeting.
- Students with one or more suspensions will be referred to counselor.
- · Students with ongoing conduct issues will be referred to the ISTP team for interventions.
- reading/math by the third grade will receive appropriate intervention services, which includes daily embedded intervention time, remedial reading and Students receiving a Level 1 score on the statewide standardized assessments in English Language Arts or mathematics or who are not proficient in remedial math classes.
- Odyssey follows the district's attendance and behavior procedures.

courses throughout their middle and high school years. Our school has a unique focus on these important content areas because the base skills and knowledge from each of these disciplines are deeply intertwined in the real world and are essential for student success. Accessing high quality curriculum and innovative Farm, developing forest trail and our partnership for dual enrollment, exciting field experiences, and expert lecturers with the Florida Institute of Technology, instruction, students from Odyssey will be able to use their STEM skills as a platform to become college- and career-ready. With our growing on-site organic Odyssey's Science, Technology, Engineering, and Mathematics Program (STEM) offers junior and senior high school students with engaging and challenging students at Odyssey will have STEM experiences like no other in Brevard Public Schoofs.

# OCS Jr/Sr High STEM A<sup>2</sup> Overview

The Odyssey Science, Technology, Engineering, and Mathematics Academic Acceleration Program (STEM A²) is a program for students who are gifted, talented, acquire knowledge and skills that transfer across content areas and help participants deepen their investigation, synthesis, analysis, comprehension, probleminterested, and motivated in deeper STEM knowledge and skills. Honors/Pre AP/AP STEM A² courses place a special emphasis on mathematics and science competency-driven learning experiences that are integrative, inquiry-based, and problem-centered. By participating in the STEM A² program, students will solving, communication, and leadership skills. Key STEM A<sup>2</sup> component include:

Challenging Curriculum - The program offers challenging/rigorous inquiry-based, experiential curricula related to real-world applications that encourage critical thinking, problem solving, and team work. The program expectations go beyond minimum competencies, as well as local, state and/or national

- standards.
- student discovery. STEM A² teachers have access to and time allotted for professional development that hones their science knowledge and experiential Inquiry-Based Learning Environment - STEM A<sup>2</sup> offers a learning environment where students work together as active learners and teachers facilitate teaching approach. Students have necessary curriculum materials to ignite their thinking and promoted hands-on outcome-based learning. Student diversity, individuality and uniqueness are recognized and respected in the community of learners. 5

knowledge base. Odyssey students have the option to choose from a variety of STEM and career experiential learning opportunities via partnerships, electives Our school STEM offerings allow students to explore and discover their own personal passions and goals in life while strengthening their academic skills and and clubs such as:

- Lego Robotics teams,
- Zero Robotics team,
- Green Building Ecology student led investigations and school tours,
- Organic fruit, vegetable and gardens and Farm on site,
- Experiences at local organic farms via our Farm to School program,
- Sofar Hydroponic and aquaponics agricultural opportunities on site,
- STEM Electives (agricultural entrepreneurship, solar energy)
- Solar Energy Whiz Olympics,
- Partnerships for real world collaboration and problem solving with Florida Tech's Sustainability, Marine Biology and Aerospace/Mechanical Engineering departments, the Anglers for Conservation organization, Marine Resources Council, the Smithsonian Marine Research Station, University of Florida's Institute of Food and Agriculture Sciences, the Intellectual Decisions on Environmental Awareness Solutions (IDEAS) organization founded at UF,
  - Career Day Speakers and Guests,
- Educational resource partnerships with the Solar Energy Center and Teacher's College at Columbia University for nutrition and gardening education,
- Future Problem Solving Community Problem Solutions and Odyssey of the Mind teams,
- Math team competitions,
- Mobile computer lab and dedicated computer labs, computer technology integrated into the classroom,
- On-site environmental sciences research using our ponds and woodland forest ecosystems,
- Environmental sciences experiences as via participation in Keep Brevard Beautiful Programs and Beach Clean-ups and participation in environmental programs at Turkey Creek Sanctuary, Erna Nixon Park, Barrier Island Center and the Waste Management Education Programs,

Students also have the opportunity for accelerated learning in subjects of Math and Science based on achievement levels. ## Career and College Readiness

Odyssey Charter School has implemented several strategies to help support college and career readiness.

- Guidance Counseling Hiring of a full time guidance counselor for the Jr/Sr High school
- and standardized test scores in order to create personally meaningful program of study that will give the student the greatest opportunity to improve on meetings the counselor discusses the course selections that correlate to the student's college and career goals by reviewing academic history, interests individualized Program of Study (IPS) - This counselor completes the four-year plan (IPS) with students and parents during a conference. During these college or career readiness.
- Counselor Parent Talks The counselor holds sessions for parents quarterly to discuss issues related to college and career readiness. When appropriate, the counselor provides students with information about outside vocational and technical programs since those are not provided at our school m
  - Counselor Training The counselor attends all appropriate district counseling meetings and trainings to inform the leadership team and teachers 4

- about college and career readiness expectations and requirements.
- OCS Career Pathways The leadership team is investigating appropriate career pathways and CTE courses to grow the Jr/Sr high school. Two career pathways, Engineering and Computer Programming, were added this year. 'n
  - career readiness opportunities (tours, dual enrollment, internships). The counselor will plan at least one college visit for interested students and College and University Partnerships - Partnerships are being formed with local colleges and universities to provide our students with college and parents annually. ė
- Career Day The school will hold one college and career day each year.
- Advanced Placement As the school grows, additional Honors and AP classes will be added to the master schedule to meet student interest and ~ ∞
- College Coaching Team A college coaching team, made up of teachers, the counselor, and administration, are working with each individual  $11^{

appropriate course selections based on annual post-secondary readiness evaluation scores. These score reports are provided by two district assessments: PERT plan reflective of their academic aptitude and post-secondary interests. In addition, the scores from the PERT, EOCs, PSAT and ACT are used to identify potential students for Advanced Placement classes offered on campus. The counselor will assist students in determining which AP courses will benefit them on their postand PSAT (10th) and ACT (11th). The scores from these assessments will provide the baseline used by counselors to help students design an academic and career Now that 11th grade has been added to the school, every student will have a one-on-one meeting with the counselor/college coaching team to determine secondary paths.

### INDEPENDENT CONTRACTOR AGREEMENT

entered in School, (h 32909 and	,	
2685 Warren	Street, Melbourne, FL 32904	
	RECITALS	
W:	HEREAS, OCS is a Charter School in Brevard County, Florida; and	
W	HEREAS, Contractor is in the profession of providing janitorial services; and	
WHEREAS, OCS is desirous of engaging contractor to perform said janitorial services; and		
	HEREAS, it is determined to be in the mutual advantage of OCS and Contractor to this Agreement set forth herein.	
NOW, THEREFORE, in consideration of the covenants and agreements herein contained, Contractor's specific agreement to the terms hereof, and the monies to be paid hereunder, OCS agrees to hire Contractor and Contractor agrees to perform the Services for OCS upon the following terms and conditions:		
	AGREEMENT	
1.	Recitals. The above recitals are true and correct, form a material part of, and are incorporated into this Agreement.	
2.	<u>Scope of Services</u> . Contractor hereby agrees to perform the following services for OCS during OCS's normal business hours as may be mutually agreed upon between OCS's officers and Contractor:	
	A copy of the Contractor's quote and description of Scope of Services to be provided is attached and specifically incorporated herein as Exhibit "A" to this Agreement. In the event of any conflict between any provision of this Agreement and Exhibit "A," this Agreement shall control.	
3.	Compensation/Term. OCS will pay Contractor the sum of \$\frac{270.00}{\text{per}} \frac{\text{per}}{\text{per}} \frac{\text{night}}{\text{for } \frac{200}{\text{days/months/year.}}} \text{The term of this Agreement shall commence on }\frac{9.13.16}{\text{days/months/year.}}}, \text{20 \frac{16}{\text{and shall continue for one year from the commencement date.}} \text{The parties may mutually agree to renew this Agreement for two (2) additional one (1) year terms without change in any terms as provided herein.}	
4.	Relationship of Parties/Insurance. The parties hereby agree and intend that the relationship of Contractor to OCS is that of an independent contractor. Contractor	

- shall maintain and provide valid and current Certificates of Insurance (naming OCS as an additional insured) to OCS as required on Exhibit "B."
- 5. <u>Permits, Approvals, and Licenses.</u> Contractor agrees to be solely responsible for applying for and obtaining any and all required permitting from any local, State, or Federal governmental entity necessary to perform and complete the above described Scope of Services.
  - Contractor specifically agrees to maintain any and all appropriate local, State, and/or Federal licenses necessary to perform work as outlined in the Scope of Services.
- 6. Indemnity. The Contractor shall indemnify and hold harmless OCS and its officers, agents, and employees from and against all claims, damages, losses, and expenses, including attorney's fees arising out of or resulting from any actions or omissions taken under this Agreement, where such claim, damage, loss, or expense is caused, in whole or in part, by the act or omission of the Contractor, or anyone directly or indirectly employed by the Contractor, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused by or in part by a party indemnified thereunder. As part of this indemnification, Contractor agrees to pay, on behalf of the OCS, the cost of OCS's legal defense as may be selected by OCS for all claims described in this paragraph. Such payment on behalf of OCS shall be in addition to any and all legal remedies available to OCS and shall not be considered to be OCS's exclusive remedy. In agreeing to this provision, OCS does not intend to waive any defense or limit of sovereign immunity to which it may be entitled under Section 768.28, Florida Statutes or otherwise provided. The parties acknowledge that specific consideration has been exchanged for this provision
- 7. Control of Work. Contractor shall perform all work in a timely manner at the direction of OCS who shall have control over the specific method of performance of the services defined in Paragraph 2.
- 8. <u>Waiver.</u> No waiver is enforceable unless in writing and signed by such waiving party, and any waiver shall not be construed as a waiver by any other party or as a waiver of any other or subsequent breach.
- 9. <u>Amendments</u>. This Agreement may not be amended or modified unless by the mutual consent of all of the parties hereto in writing. All amendments or modifications shall be attached to this Agreement and made a part thereof.
- 10. Governing Law, Venue, and Attorney's Fees. This Agreement shall be governed by the laws of the State of Florida. Any action or legal proceedings to enforce this Agreement or any of its terms, or for indemnification, shall be exclusively brought and prosecuted in an appropriate court of jurisdiction in and for Brevard County, Florida, and the parties to this Agreement consent to the personal jurisdiction and venue of such courts and to the service of process by any manner provided by Florida law. In the event that any legal or equitable action is brought by either party to enforce the terms of this Agreement and/or regarding any work performed pursuant to

the Scope of Services provided in Paragraph 2 of this Agreement, the prevailing party shall be entitled to recover all attorney's fees and costs associated with the bringing such action.

- 11. <u>Assignment and Binding Effect</u>. The rights and obligations of the Contractor under this Agreement are personal. This Agreement may not be assigned or transferred in whole, or in part, by either party without the prior written consent of the other party. This Agreement shall be binding upon and inure for the benefit of the parties hereto and their respective heirs and permitted successors and/or assigns.
- 12. Severability. This Agreement shall be construed to be valid and enforceable to the fullest extent allowed by applicable law. The invalidity or unenforceability of any term, sentence, or provision of this Agreement shall not affect the validity or enforceability of any other term, sentence or provision of this Agreement, which shall remain in full force and effect.
- 13. <u>Notices</u>. All notices, requests, demands or other communications required or permitted hereunder shall be in writing and shall be deemed to have been duly given when delivered by hand or mailed registered or certified mail, return receipt requested, and postage prepaid:

### RECITALS

WHEREAS, OCS is a Charter School in Brevard County, Florida; and

WHEREAS, Contractor is in the profession of providing janitorial services; and

WHEREAS, OCS is desirous of engaging contractor to perform said janitorial services; and

WHEREAS, it is determined to be in the mutual advantage of OCS and Contractor to enter into this Agreement set forth herein.

NOW, THEREFORE, in consideration of the covenants and agreements herein contained, Contractor's specific agreement to the terms hereof, and the monies to be paid hereunder, OCS agrees to hire Contractor and Contractor agrees to perform the Services for OCS upon the following terms and conditions:

### AGREEMENT

- 1. **Recitals.** The above recitals are true and correct, form a material part of, and are incorporated into this Agreement.
- 2. <u>Scope of Services.</u> Contractor hereby agrees to perform the following services for OCS during OCS's normal business hours as may be mutually agreed upon between OCS's officers and Contractor:

A copy of the Contractor's quote and description of Scope of Services to be provided is attached and specifically incorporated herein as Exhibit "A" to this Agreement. In the event of any conflict between any provision of this Agreement and Exhibit "A," this Agreement shall control.

- 3. Compensation/Term. OCS will Contractor the of pay sum for 200 days/months/year. 329.00 night per The term of this Agreement shall commence on August 15th and shall continue for one year from the commencement date. The parties may mutually agree to renew this Agreement for two (2) additional one (1) year terms without change in any terms as provided herein.
- 4. Relationship of Parties/Insurance. The parties hereby agree and intend that the relationship of Contractor to OCS is that of an independent contractor. Contractor

- shall maintain and provide valid and current Certificates of Insurance (naming OCS as an additional insured) to OCS as required on Exhibit "B."
- 5. <u>Permits, Approvals, and Licenses.</u> Contractor agrees to be solely responsible for applying for and obtaining any and all required permitting from any local, State, or Federal governmental entity necessary to perform and complete the above described Scope of Services.
  - Contractor specifically agrees to maintain any and all appropriate local, State, and/or Federal licenses necessary to perform work as outlined in the Scope of Services.
- 6. <u>Indemnity</u>. The Contractor shall indemnify and hold harmless OCS and its officers, agents, and employees from and against all claims, damages, losses, and expenses, including attorney's fees arising out of or resulting from any actions or omissions taken under this Agreement, where such claim, damage, loss, or expense is caused, in whole or in part, by the act or omission of the Contractor, or anyone directly or indirectly employed by the Contractor, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused by or in part by a party indemnified thereunder. As part of this indemnification, Contractor agrees to pay, on behalf of the OCS, the cost of OCS's legal defense as may be selected by OCS for all claims described in this paragraph. Such payment on behalf of OCS shall be in addition to any and all legal remedies available to OCS and shall not be considered to be OCS's exclusive remedy. In agreeing to this provision, OCS does not intend to waive any defense or limit of sovereign immunity to which it may be entitled under Section 768.28, Florida Statutes or otherwise provided. The parties acknowledge that specific consideration has been exchanged for this provision
- 7. <u>Control of Work.</u> Contractor shall perform all work in a timely manner at the direction of OCS who shall have control over the specific method of performance of the services defined in Paragraph 2.
- 8. <u>Waiver</u>. No waiver is enforceable unless in writing and signed by such waiving party, and any waiver shall not be construed as a waiver by any other party or as a waiver of any other or subsequent breach.
- 9. <u>Amendments</u>. This Agreement may not be amended or modified unless by the mutual consent of all of the parties hereto in writing. All amendments or modifications shall be attached to this Agreement and made a part thereof.
- 10. Governing Law, Venue, and Attorney's Fees. This Agreement shall be governed by the laws of the State of Florida. Any action or legal proceedings to enforce this Agreement or any of its terms, or for indemnification, shall be exclusively brought and prosecuted in an appropriate court of jurisdiction in and for Brevard County, Florida, and the parties to this Agreement consent to the personal jurisdiction and venue of such courts and to the service of process by any manner provided by Florida law. In the event that any legal or equitable action is brought by either party to enforce the terms of this Agreement and/or regarding any work performed pursuant to

the Scope of Services provided in Paragraph 2 of this Agreement, the prevailing party shall be entitled to recover all attorney's fees and costs associated with the bringing such action.

- 11. Assignment and Binding Effect. The rights and obligations of the Contractor under this Agreement are personal. This Agreement may not be assigned or transferred in whole, or in part, by either party without the prior written consent of the other party. This Agreement shall be binding upon and inure for the benefit of the parties hereto and their respective heirs and permitted successors and/or assigns.
- 12. Severability. This Agreement shall be construed to be valid and enforceable to the fullest extent allowed by applicable law. The invalidity or unenforceability of any term, sentence, or provision of this Agreement shall not affect the validity or enforceability of any other term, sentence or provision of this Agreement, which shall remain in full force and effect.
- 13. <u>Notices.</u> All notices, requests, demands or other communications required or permitted hereunder shall be in writing and shall be deemed to have been duly given when delivered by hand or mailed registered or certified mail, return receipt requested, and postage prepaid:

# NOTES TO FINANCIAL STATEMENTS

Odyssey Preparatory Academy
MSID Number: 6541
Year to Date Through July 31, 2016

The requirements for the notes to the financial statements are codified in Section 2300 of the Codification of Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board. The Charter school is encouraged to use the notes to the financial statements from the prior fiscal year audit as a guide for the current year's notes for consistency in the financial statement presentation.

# Note 1: State of Florida Revenues Received Through the District

The school receives some of its Federal and State of Florida revenues for current operations through the District. Listed on the following page is Schedule I, which contains the details of these year to date revenues received.

# Note 2: Other Revenue

Other year to date revenues received from federal and local sources are located in Schedule 2 on the following page.

# Note 3: Due to/(from) Management Company

The management company is responsible to organize, develop and manage the school operations based on contract negotiations between the charter school and the management company. The fees charged by the management company are negotiated under the contract. Based on contract terms, the management company may also enter into agreements for additional services for which the school is expected to pay. Please see Schedule 3 on the following page for details of the management fees, accumulated contributions, and operating costs provided by the management company.

In addition to the information included in Schedule 3, there are other agreements such as facilities use agreements for buildings and/or building rentals paid for by the school. The details of those facilities agreements and any other agreements (not already defined) are listed below.

- 1 The school receives Food and Transportation Services from Odyssey Charter School. Less are related to the source receipts of the School for UV 2017. Such costs outditotated \$0 through 7/31/2016.
- 2 The Facility is shared with Odyssey Upper School, building rem paid to an unrelated party is divided between the two schools based on student head counts. Avoil 7/31/2017 rem expense was \$13,593.75.

TO: Odyssey Charter School, Inc. Board of Directors

FROM: Cindy Gilmore, Green Apple School Management

REQUESTING SCHOOL: Odyssey Preparatory Academy

DATE: September 28, 2016

RE: School Improvement Plan (SIP)

The school is required to submit a School Improvement Plan (SIP) to Brevard Public Schools that is based on the goals and objectives of the school and complies with the guidelines provided by the state and/or sponsor (Pursuant to 1002.33(20), F.S., State Board of Education Rule 6A-1.09981 and Contract). The school met with their School Advisory Council (SAC) for recommendations and has successfully submitted the SIP in a timely manner. The school requests acceptance of the attached plan by the OCS Board of Directors.

# **Mission Statement:**

The Mission of Odyssey Preparatory Academy is to work in partnership with the family and community, with the aim of helping each child reach full potential in all areas of life. We seek to educate the whole child with the understanding that each person must achieve a balance of intellectual, emotional, physical, spiritual, and social skills as a foundation for life.

# **Vision Statement:**

The vision of Odyssey Preparatory Academy is to create a school committed to academic excellence and the education of the whole child. We achieve this by providing accessible quality Montessori education and programs that develop healthy classroom and school communities. The school's aim is to prepare children to reach their full potential while playing a responsible role in protecting the global environment and fostering peace and harmony within our school and community.

# Stakeholder Involvement in School Improvement Planning:

Briefly explain how stakeholders are involved in the development, review, and communication of the SIP.

- 1. Founder and Head of Schools presented mission, vision, and school-wide data during preplanning to all staff and teachers in preparation for the development of the school improvement plan.
- 2. Teachers were provided with individual and school level data to develop professional SMART goals. Ongoing conversations about the implementation of the School Improvement Plan take

# Part 1: Planning for Student Achievement

# RATIONALE - Continuous Improvement Cycle Process

**Data Analysis from multiple data sources:** Please consider the priority indicators selected from your school BPIE and EDI Insight Survey results within the rationale of your SIP.

OPA received a school grade of "C" for the 2015-16 school year. This is up from an "F" in 2013-14. Over the past two school years, OPA has made exceptional progress in student achievement.

In 2014-15, there were no learning gains calculated for the school grade due to the first year of the Florida State Assessment (FSA) which replaced the previous assessment (FCAT). Odyssey Prep achieved 52% proficiency in Reading and 58% proficiency in Math, 39% proficiency in Science on the FSA for that year.

In 2015-16, OPA fared much better. While maintaining their "C", Odyssey Prep achieved significant learning gains in three out of the four categories for learning gains. The school grading formula changed significantly in 2015-16 and placed a larger emphasis on overall student gains as well as gains for the lowest 25%.

OPA exceeded the state average for learning gains in reading for the lowest 25% by 26 points. This placed Odyssey Prep in a class of only 45 schools in the state with 67% learning gains for the lowest 25% when factoring in Free and Reduced Lunch percentages.

This table describes the increase in student enrollment at Odyssey Prep over the last three years.

	2013-14	2014-15	2015-16
Student Enrollment	235	234	255
Free & Reduced	65%	80%	100%
Lunch Rate			
Minority Rate	63%	64%	64%

When utilizing the demographic data, OPA has made considerable strides in student achievement. Within Brevard County, Odyssey Prep was ranked near the top of the Palm Bay schools, and was one of only a few schools that made achievement in the learning gains categories. However, the mathematics learning gains for OPA's lowest 25% were lower than the state average.

# Analysis of SIP Goals for 2015-16

- The school did <u>not</u> achieve our SIP goal in Reading/ELA which projected 60% of our students becoming Proficient (Level 3 or above) in Reading/ELA. FCAT data for the 2013-2014 school year indicated that 51% of students were Proficient in Reading.
- The school met the SIP goal of 50% for Reading Learning Gains. Reading gains 67% percent of students scoring in the lowest quartile made learning gains.

# MATH

- The school met the SIP goal of 50% for Math Learning Gains.
- 50% of students scoring in the lowest quartile made learning gains.

# SCIENCE

 The school did <u>not</u> achieve our SIP goal in Science which projected 52% of our students becoming Proficient (Level 3 or above).

# Analysis of School-Wide Indicators for Student Achievement

OPA made significant progress in school attendance as well as student behavior incidents. In 2015-16, OPA experienced a decrease in student suspendable behaviors and an increase in in-seat attendance.

# **Comparison of Early Warning Indicators**

	2014-15	2015-16
Daily In-Seat	93.5	95.3
Attendance Rates		
Suspensions	144	45

# **Additional Analysis of Early Warning Indicators**

OPA looked closely at the specific incidents of chronic attendance issues, which is identified as >90 attendance rate. The largest population of students who experienced low attendance was our Exceptional Education Students, with half of all ESE students experiencing chronic attendance incidents.

	Number of ESE	Students Number of ESE Students with Chronic >90 Absences
2015-16	34	17

These factors are examined further in the following section Analysis of Current Practice.

# **Analysis of Current Practices:**

Prior to the start of the school year, the Academic Leadership Team guided staff through a detailed analysis of school-wide data. The various data sources included academic achievement (FSA, School Assessments) as well as early warning indicators such as in-seat attendance, suspension rates and specific population data. Over the course of two "data digs" teachers and staff closely analyzed the implications of the data.

The next step in the process was to identify areas in need of instructional support. Teachers and staff reviewed

the prior year's strategies, including the use of curriculum mapping, implementation of guided reading and balanced literacy. Additionally, teachers and staff analyzed the Professional Learning Community process implemented for the past two years.

The school teams recognized the need to provide stronger science support, as evidenced by the three-year lag in science achievement. Additionally, the school teams noted that a deeper mathematical foundation must be developed, as evidence showed a lack of foundational skills, especially for the lowest 25%.

# Best Practice:

According to the National Center for Urban School Transformation, certain aspects of school must exist in order to achieve excellence. We have chosen aspects related to the behavior of the adults and the children. http://www.ncust.org/wp/

# School Leaders:

- help educators focus on key academic content.
- structure opportunities for teachers to learn content to greater levels of depth.
- engage teachers in designing and implementing assessments that provide concrete, common understandings of the levels of mastery students should attain.
- engage everyone in evaluating curricula and considering opportunities for improvement

# Staff:

- Create clarity and specificity about what students are expected to learn
- Minimize transitions, wait time, and time off task
- Focus persistently on the objective to be mastered
- Focus on generating substantial depth of understanding (higher-order thinking)
- Strive to get every student to demonstrate mastery of the objective
- Engage all students in demonstrating their levels of understanding throughout the lesson
- Attend carefully to evidence of student understanding throughout the lesson
- Adapt instruction when student mastery is not evidenced
- Conclude by checking student understanding

# Students:

- Students are eager to attend school. They perceive that adults in the school care sincerely about them and about their success. Students feel a personal connection to the adults at school.
- Students feel safe physically and emotionally. They know that the adults in the school do whatever is necessary to create a safe and comfortable learning environment.
- Students believe they are likely to succeed academically. Students believe that their hard work will result in both short-term and long-term exciting opportunities.

# Parents:

- Parents believe that educators care about their child. Parents believe that educators perceive
  potential in their child and are working to maximize that potential.
- Parents feel welcome at school. They feel that educators perceive them as strong, positive partners in the education of their child. Parents feel that their concerns and insights are appreciated.
- Parents believe that educators appreciate whatever small or large contributions they make to their

# READING/ELA/WRITING

Odyssey Preparatory Academy will continue to improve the proficiency level of students in English Language Arts over the previous year's achievement. Study Island (SI) assessments will be used to monitor progress and to determine proficiency according to LAFS. SI will be used in conjunction with the Fountas and Pinnell Benchmark Assessment System to determine reading growth for students in Kindergarten through 6<sup>th</sup> grade. The school will continue to implement, with fidelity, a weekly 90-minute PLC with each grade level to unpack the Florida Standards. The school will continue to implement the Core Knowledge curriculum, Columbia University Teachers College Writer's Workshop, and SpringBoard programs. One full time instructional coach, two full time interventionists and a full time instructional assistant, funded by Title I, Part A, will be used to support the implement of these programs.

# MATHEMATICS

Odyssey Preparatory Academy will continue to improve the proficiency level of students in mathematics. Study Island (SI) assessments will be used to monitor progress and to determine proficiency according to MAFS. SI will be used in conjunction with the Florida Ready MAFS benchmarks to determine and monitor growth for students in Kindergarten through 6<sup>th</sup> grade. The school will continue to implement, with fidelity, a weekly 90-PLC with each grade level to unpack the Florida Standards. One full time instructional coach, two full time interventionists and a full time instructional assistant, funded by Title I, Part A, will be used to support the implement of these programs.

# School-Based Goal: What can be done to improve instructional effectiveness?

Our ELA goals are to increase the following:

- Reading Proficiency from 50% to 53%.
- FSA writing average from 5.6 to 5.9.
- FSA Lowest 25% Reading Learning Gains from 67% to 70%.

Strategies: Small number of action oriented staff performance objectives.

# EVALUATION - Outcome Measures and Reflection-begin with the end in mind.

Qualitative and Quantitative Professional Practice Outcomes: Measures the level of implementation of professional practices throughout your school.

# READING/ELA/WRITING

The SMART goals set for this school year will result in higher student achievement. The focus on balanced literacy should improve the overall reading proficiency of our students and result in a higher level of proficiency on the FSA Reading and Writing assessment. The implementation of guided reading strategies will lead to increased student achievement.

# MATH

The SMART goals set for this school year will result in higher student achievement. The implementation of ST Math

will increase student conceptual understanding of mathematical concepts. The goal to implement this program with fidelity will increase student proficiency rates on the FSA Mathematical assessment.

# **SCIENCE**

The use of a dedicated science lab will increase hands-on science learning which should equate to higher levels of student achievement. The cross-curricular scope and sequence documents will further support science vocabulary acquisition and increase student proficiency on the FCAT NGSSS Assessment.

Qualitative and Quantitative Student Achievement Expectations: Measures student achievement.

# READING/ELA/WRITING

The SMART goals set for this school year will result in higher student achievement. The school expects to see an increase in overall reading proficiency due to the continued implementation of balanced literacy. The school also expects to maintain high levels of learning gains as measured by the FSA.

# **MATH**

The SMART goals set for this school year will result in higher student achievement. The school expects to see an increase in overall mathematical proficiency due to a focus on conceptual mathematics. Additionally, the school expects to increase the learning gains in the lowest 25% for mathematics.

# **SCIENCE**

The school expects to see an increase in 5<sup>th</sup> grade science proficiency over the previous years' scores.

# Part 2: Support Systems for Student Achievement

(Federal, State, and District Mandates)

For the following areas, please write a brief narrative that includes the data from the year 2015-2016 and a description of changes you intend to incorporate to improve the data for the year 2016-2017.

**MULTI-TIERED SYSTEM OF SUPPORTS MTSS/RtI** This section meets the requirements of Sections 1114(b)(1)(B)(i)-(iv) and 1115(c)(1)(A)-(C), P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b) and Senate Bill 850.

School Leadership used a scheduling process to create common planning and grade level intervention/enrichment blocks at the same time each day. With our Title I funds, we have hired a Reading Coach, Mathematics Interventionist, Reading Interventionist and a Professional Learning Community

Consultant to work with our Leadership Team and our Faculty during our grade level common planning times and intervention/enrichment blocks. In addition, our ESE Teacher, ESOL Teacher, ESOL Assistant, Gifted Teacher, Reading Coach and Instructional Assistant will be available during the intervention/enrichment blocks to work with students.

Odyssey's MTSS Leadership Team is comprised of our Administrative Team (Head of Schools, Site Administrator, and Instructional Coaches), along with our Guidance Counselor, Exceptional Education Coordinator, Exceptional Education Teacher, ESOL Teacher, and our Instructional Coaches. The school utilizes DuFour's questions that drive the work of the Professional Learning Communities:

- 1. What is it we want our children to learn?
- 2. What will we take as evidence that they have learned it?
- 3. How will we plan and deliver first instruction that gets students to learn it?
- 4. How will we respond when students have already learned it?
- 5. How will we respond when some students have not learned it?

During weekly common planning periods and monthly MTSS data chats, teachers are able to discuss academic and behavioral concerns about students with the MTSS Leadership Team. Members of the grade level team and the MTSS Leadership Team listen to concerns and problem solve solutions for interventions and prepare the necessary documentation. Ongoing progress monitoring is continually reviewed by the MTSS teams on a regular basis and adjustments are made based on data. If the interventions are not successful based on the time limit set by the team, the student is then referred to the Individual Problem Solving Team (IPST).

The Leadership Team meets weekly through a collaborative process in order to determine the best ways to utilize our human and fiscal resources to meet student needs. Administrative team members participate in the grade level Professional Learning Communities and follow up through observations during intervention/enrichment blocks and classroom walkthroughs. Teachers, staff members and school administrators will use Performance Matters to access and analyze data. District and other benchmark assessments will be utilized to track and monitor student mastery of standards. Monthly MTSS data meetings provide the opportunity to review student progress and provide additional time and support as needed.

In order to support understanding of the MTSS process, the teaching staff is trained during preplanning and on an ongoing basis throughout the school year. Grade levels are provided with daily common planning for working in Professional Learning Communities.

### Resource:

DuFour, R. "Whatever It Takes: How Professional Learning Communities Respond When Kids Don't Learn". (2004)

PARENT AND FAMILY INVOLVEMENT: (Parent Survey Data must be referenced) Title 1 Schools may use the Parent Involvement Plan to meet the requirements of Sections 1114(b)(1)(F) and 1115(c)(1)(G). P.L. 107-110, NCLB, codified at 20 U.S.C. § 6314(b).

Consider the level of family and community involvement at your school and parent survey data collected. Respond to the following questions. What are best practices that are strengths and how will they be

sustained? What are areas of weaknesses and how are they being addressed?

In the 2015-16 school year, Odyssey Preparatory Academy held several family engagement events. These included;

- Monthly Parents as Partners Meetings
- Quarterly Parent Engagement Events (Title I Open House and Annual Meeting, Title I Math Night, Title I Literacy Night, Title I FSA Night)
- Founder's 5-K Event

These events are referenced in the Odyssey Preparatory Academy Title I Parent Involvement Plan (PIP) which is located on the school website and in the school's main office.

Parents are generally pleased with the level of parent engagement offerings. The school has several parent volunteers who assist on a regular basis. Additionally, parents work with students through the "Read Aloud Club" to earn family engagement volunteer hours on a monthly basis.

### EARLY WARNING SYSTEMS (SB 850)

### Analysis of School-Wide Indicators for Student Achievement

OPA made significant progress in school attendance as well as student behavior incidents. In 2015-16, OPA experienced a decrease in student suspendable behaviors and an increase in inseat attendance.

### **Comparison of Early Warning Indicators**

	2014-15	2015-16
Daily In-Seat	93.5	95.3
Attendance Rates		
Suspensions	144	45

### Additional Analysis of Early Warning Indicators

OPA looked closely at the specific incidents of chronic attendance issues, which is identified as >90 attendance rate. The largest population of students who experienced low attendance was our Exceptional Education Students, with half of all ESE students experiencing chronic attendance incidents.

	Number of ESE Students	Number of ESE Students with Chronic >90 Absences

Odyssey Preparatory Academy closely analyzed the early warning indicators including the following;

- Chronic absenteeism <90</li>
- Suspension rates (for both general education students as well as specified populations, ESE, EII)
- Level 1 on the FSA
- Struggling readers as identified by the FSA or Fountas and Pinnell

After identifying the early warning indicators, the school improvement team and staff at Odyssey Preparatory Academy collaborated on a system to monitor and address the systemic challenges within the student population. These include addressing chronic absenteeism, ESE absence events and early reading difficulties.

### STUDENT TRANSITION AND READINESS

PreK-12 TRANSITION This section used to meet requirements of 20 U.S.C 6314(b)(1)(g).

Odyssey Preparatory Academy works in conjunction with the early childhood programs (VPK) including its own program, Montessori Village Green. The school begins the transition system in December, by providing parents with information on Kindergarten, Kindergarten Readiness, and the charter school lottery process.

After school lottery, the school works with the ECE community to welcome new kindergarten families to the upcoming school year. Open houses, information night and a planned transition including student achievement data are used to ensure that students successfully transition from the VPK program to the elementary program.

Students who transition from OPA to Odyssey Charter School Jr./Sr. High are provided with transition support. This includes site visits to the program as well as pre-identifying students who need academic support for remedial classroom attendance.

2. **COLLEGE AND CAREER READINESS** This section is required for schools with 9, 10, 11 or 12. This section meets the requirements of Sections 20 U.S.C. § 6314(b).

Describe the strategies the school uses to support college and career awareness, which may include establishing partnerships with business, industry or community organizations.

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs.

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g. industrial biotechnology) to support student achievement.

Attachments: 1) Transportation Agreement and Memorandum of Understanding, revised

### TRANSPORTATION POLICY AND MEMORANDUM OF UNDERSTANDING

THIS TRANSPORTATION POLICY AND MEMORANDUM OF UNDERSTANDING ("Policy") is established as of July 1, 2016 regarding provision of transportation by ODYSSEY CHARTER SCHOOL ("OCS") for ODYSSEY PREPARATORY CHARTER ACADEMY ("ODYSSEY PREP") and transportation safety.

### Section 1. Purpose of Policy, Term and Scope of OCS Responsibilities

The purpose of this Policy is to establish the process by which transportation services are provided to ODYSSEY PREP by OCS, through buses and employees of OCS, utilizing existing OCS routes and stops, in exchange for payment by ODYSSEY PREP to OCS of all of the transportation FTE revenue earned by ODYSSEY PREP through the bus ridership of ODYSSEY PREP students plus 5% of the monthly OCS transportation operating costs. This Policy also establishes the safety requirements for provision of transportation for both OCS and ODYSSEY PREP students.

This Policy shall be for a term effective July 1, 2016 to June 30, 2018, subject to annual review by the Governing Board of Odyssey Charter School, Inc.

- 1. OCS will furnish student transportation to and from ODYSSEY PREP for the School Year during the days and hours set forth in the OCS and ODYSSEY PREP School Calendars, over the OCS routes and stops.
- 2. OCS will make available to ODYSSEY PREP applicable school buses for any/all school make-up days, as designated by the Odyssey Charter School, Inc. Board of Directors (hereinafter "Board").
- OCS will provide at its expense a sufficient number of school buses and/or spare buses to fulfill the requirements
  of all Federal, State, County and municipal laws, statutes, ordinances, rules and regulations, which are applicable
  to and enforceable in Brevard County, Florida.
- 4. OCS will furnish at its expense all labor, parts and other materials required for the operation of the school buses, including drivers, maintenance, repairs, gasoline, oil and other motor fuel and lubricants. OCS shall keep his/her school buses in good safe mechanical condition at all times in accordance with standards established by applicable statutes, rules and regulations. OCS shall keep school buses in clean and sanitary condition at all times while they are in use. All buses will be available for State and local inspections, at all reasonable times. OCS shall immediately correct, or cause to be corrected, all defects or deficiencies reported upon inspection, and over authorized signature shall certify to the repairs made, or other work performed, in no case later than thirty (30) days after the date of inspection. Any school bus determined by inspection to be unsafe for any reason (i.e., failed bus inspection, test, lack of proper insurance coverage, improperly tagged buses, etc.) shall immediately be taken out of service and replaced with an approved alternative and/or spare school bus at OCS's expense until the bus so removed has been certified safe to resume service by the inspecting authority.
- 5. All bus drivers shall be qualified under State law to drive a school bus and drivers shall be employed or continued in employment by the OCS. Bus drivers shall not drive the school bus until certified and any other authority required by law. OCS shall be responsible for compliance by its drivers with all applicable laws, statutes, rules and regulations for the transportation of the school children now established or to be promulgated in the future by the County, the Florida Department of Education ("FDOE"), Florida Department of Transportation ("FDOT"), and as required by the Charter Contracts with the School Board of Brevard County pertaining to ODYSSEY PREP and OCS ("Charter Contracts").

The bus drivers shall be subject to pre-employment, random, post-accident, return-to-duty and reasonable suspicion drug and alcohol testing and/or in accordance with current FDOE and/or FDOT requirements. OCS shall provide primary and substitute bus drivers who are capable of exercising acceptable control of school children at all times during transportation. Drivers shall observe the highest possible standards of safe driving at

all times and strictly comply with all applicable rules and regulations, as well as all provisions of the Florida department of Motor Vehicle Laws. In addition, OCS employees will not engage in the use of illegal drugs or alcohol while on the job, bring firearms or weapons on the school bus or its surrounding areas, nor use cell phones for personal calls, or texting/messaging/emailing form a cellular or handheld device while driving the school bus.

Bus drivers shall promptly report the detail of any misconduct or breech of order and discipline to the ODYSSEY PREP Principal or OCS Principal, as applicable.

6. OCS shall require a background check for all drivers and substitute drivers providing services under this Policy. Therefore, all drivers must have a current FBI Fingerprinting and Criminal Background Check, a DMV Driving record, and a certified Florida CDEL Driver's license on file with OCS.

### Section II. Payment

ODYSSEY PREP shall pay to OCS an amount not to exceed, all Full Time Equivalent (FTE) Transportation revenue received by the ODYSSEY PREP in addition to 5% of OCS monthly transportation operating costs. Subject to annual review by the Governing Board of Odyssey Charter School, Inc.

### Section III. Other Requirements

### Adverse Weather Conditions or State of Emergencies

- In the event of extremely adverse weather conditions or declared state of emergency events (i.e., hurricanes, tornados, radiological incidents, etc.) the OCS Principal may authorize alterations to existing school bus routes for the safety of the school bus and its occupants.
- OCS reserves the right to make changes, alterations or modifications within the general scope of the contract (i.e.
  bus routes, fuel price adjustments, mileage, pick-up locations, etc.) The payment due to OCS under this
  memorandum of understanding shall be adjusted (increased or decreased) as may be required to reflect any such
  changes.

### School Bus Evacuation Drills

School bus evacuation drills are to be completed twice yearly and before any field trip. OCS is responsible for scheduling school bus evacuation drills for both OCS and ODYSSEY PREP students.

### Field Trips

The ODYSSEY PREP Principal shall notify OCS Principal of any and all ODYSSEY PREP field trips in which OCS buses may be needed to provide transportation. Notification shall be made in writing to the OCS Principal no less than 2 weeks prior to the scheduled field trip, detailing the bus to be utilized, the designated bus driver (if applicable), and the day and hours the bus will be in service.

### Section IV. Insurance

- OCS shall maintain property and liability insurance coverage on the school bus (es). Said insurance shall be issued by an insurer and with limitations of coverage defined in the Charter Contracts. The School District shall be named as an Additional Insured in the policies of insurance. OCS shall furnish the District with a Certificate of Insurance, which shall provide that the District be notified at least (30) days prior to the cancellation or expiration of coverage.
- 2. For all other perils, ODYSSEY PREP and OCS shall each maintain their own respective liability insurance issued by an insurer and with limitations of coverage defined in the Charter Contracts.

### Section V. Accounting

Certain expenses incurred and paid by Odyssey Charter School (OCS) provide an economic benefit to ODYSSEY PREP. As such, the following journal entries illustrate the proper recognition of these Transportation service activities:

### BOOKS OF OCS

ODYSSEY PREP will collect Transportation funds through its FEFP receipts: such amounts are due and payable to OCS. The following entry shows the recognition for OCS when receipt of such payment has been recorded on the books of ODYSSEY PREP

### INDEPENDENT CONTRACTOR AGREEMENT

OCS, Inc. Board of Directors

THIS INDEPENDENT CONTRACTOR AGREEMENT ("Agreement") is made and entered into this 4th day of September, 2014 by and between Odyssey Preparatory Charter, (hereafter referred to as "OPA"), whose address is 1350 Wyoming Drive S.E., Palm Bay, FL 32909 and Squeaky Clean, (hereafter referred to as "Contractor") whose address is: 2685 Warren Street, Melbourne, FL 32904.

### RECITALS

WHEREAS, OPA is a Charter School in Brevard County, Florida; and

WHEREAS, Contractor is in the profession of providing janitorial services; and

WHEREAS, OPA is desirous of engaging contractor to perform said janitorial services; and

WHEREAS, it is determined to be in the mutual advantage of OPA and Contractor to enter into this Agreement set forth herein.

**NOW, THEREFORE**, in consideration of the covenants and agreements herein contained, Contractor's specific agreement to the terms hereof, and the monies to be paid hereunder, OPA agrees to hire Contractor and Contractor agrees to perform the Services for OPA upon the following terms and conditions:

### AGREEMENT

- 1. <u>Recitals</u>. The above recitals are true and correct, form a material part of, and are incorporated into this Agreement.
- 2. <u>Scope of Services</u>. Contractor hereby agrees to perform the following services for OPA during OPA's normal business hours as may be mutually agreed upon between OPA's officers and Contractor:
  - A copy of the Contractor's quote and description of Scope of Services to be provided is attached and specifically incorporated herein as Exhibit "A" to this Agreement. In the event of any conflict between any provision of this Agreement and Exhibit "A," this Agreement shall control.
- 3. Compensation/Term. OPA will pay Contractor the sum of \$267.75 per Day for 200 days. The term of this Agreement shall commence on September 4th, 2016 and shall continue for one year from the commencement date. The parties may mutually agree to renew this Agreement for two (2) additional one (1) year terms without change in any terms as provided herein.
- 4. Relationship of Parties/Insurance. The parties hereby agree and intend that the relationship of Contractor to OPA is that of an independent contractor. Contractor

- shall maintain and provide valid and current Certificates of Insurance (naming OPA as an additional insured) to OPA as required on Exhibit "B."
- 5. <u>Permits, Approvals, and Licenses.</u> Contractor agrees to be solely responsible for applying for and obtaining any and all required permitting from any local, State, or Federal governmental entity necessary to perform and complete the above described Scope of Services.
  - Contractor specifically agrees to maintain any and all appropriate local, State, and/or Federal licenses necessary to perform work as outlined in the Scope of Services.
- 6. **Indemnity.** The Contractor shall indemnify and hold harmless OPA and its officers, agents, and employees from and against all claims, damages, losses, and expenses, including attorney's fees arising out of or resulting from any actions or omissions taken under this Agreement, where such claim, damage, loss, or expense is caused, in whole or in part, by the act or omission of the Contractor, or anyone directly or indirectly employed by the Contractor, or anyone for whose acts any of them may be liable, regardless of whether or not it is caused by or in part by a party indemnified thereunder. As part of this indemnification, Contractor agrees to pay, on behalf of the OPA, the cost of OPA's legal defense as may be selected by OPA for all claims described in this paragraph. Such payment on behalf of OPA shall be in addition to any and all legal remedies available to OPA and shall not be considered to be OPA's exclusive remedy. In agreeing to this provision, OPA does not intend to waive any defense or limit of sovereign immunity to which it may be entitled under Section 768.28, Florida Statutes or otherwise provided. The parties acknowledge that specific consideration has been exchanged for this provision
- 7. Control of Work. Contractor shall perform all work in a timely manner at the direction of OPA who shall have control over the specific method of performance of the services defined in Paragraph 2.
- 8. Waiver. No waiver is enforceable unless in writing and signed by such waiving party, and any waiver shall not be construed as a waiver by any other party or as a waiver of any other or subsequent breach.
- 9. <u>Amendments</u>. This Agreement may not be amended or modified unless by the mutual consent of all of the parties hereto in writing. All amendments or modifications shall be attached to this Agreement and made a part thereof.
- 10. Governing Law, Venue, and Attorney's Fees. This Agreement shall be governed by the laws of the State of Florida. ### INDEPENDENT AUDITORS' REPORT

To the Board of Directors of Oasis Preparatory Academy Orlando, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Oasis Preparatory Academy (the "School"), a charter school under Odyssey Charter School, Inc., as of, and for the year ended June 30, 2016, which collectively comprises the School's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Oasis Preparatory Academy at June 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matters

As described in Note 1, the accompanying financial statements referred to above present only the financial position of Oasis Preparatory Academy at June 30, 2016, and the respective changes in financial position for the year then ended, and is not intended to be a complete presentation of Odyssey Charter School, Inc.. These financial statements do not purport to and do not present fairly the financial position as of June 30, 2016 and its changes in financial position of Odyssey Charter School, Inc. for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### Required Supplementary Information

In accordance with Government Auditing Standards, we have also issued our report dated September 29, 2016 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 8 and 25 through 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Management's Discussion and Analysis

Oasis Preparatory Academy
(A Charter School Under Odyssey Charter School, Inc.)

June 30, 2016

The corporate officers of Oasis Preparatory Academy have prepared this narrative overview and analysis of the School's financial activities for the year ended June 30, 2016.

### Financial Highlights

- 1. The net position of the School at June 30, 2016 was \$315,053.
- 2. At year-end, the School had current assets on hand of \$134,556.
- 3. The School had an increase in net position of \$112,438 for the year ended June 30, 2016.
- 4. The unassigned fund balance at year end was \$80,522.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the School's basic financial statements. The School's financial statements for the year ended June 30, 2016 are presented in accordance with GASB Codification Section 2200. The financial statements have three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

### Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the School's assets, deferred outflows of resources, liabilities and deferred inflows of resources. The difference between the four is reported as net position. Over time increases or decreases in net position may serve as an indicator of whether the financial position of the School is improving or deteriorating.

The Statement of Activities presents information on how the School's net position changed during the fiscal year. All changes in net position are reported when the underlying event occurs without regard to the timing of related cash flows. Accordingly, revenues and expenses are reported in this statement for some items that will only result in eash flows in future fiscal years.

The government-wide financial statements can be found on pages 9 - 10 of this report.

### Fund Financial Statements

A "fund" is a collection of related accounts grouped to maintain control over resources that have been segregated for specific activities, projects, or objectives. The School like other state and local governments uses fund accounting to ensure and report compliance with finance-related legal requirements.

All of the funds of the School are governmental funds. Government Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Government Fund financial statements, however, focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources which are available at the end of the fiscal year. Such information may be used to evaluate a government's requirements for near-term financing.

The Board of the School adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with the School's budget.

The basic governmental fund financial statements can be found on pages 11 – 14 of this report. *Notes to Financial Statements* 

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15 - 24 of this report.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a charter school's financial position. In the case of the School, net position was \$315,053 at the close of the fiscal year. A summary of the School's net position as of June 30, 2016 and 2015 is as follows:

	2016	2015

The School's revenues and expenses increased by \$337,421 and \$427,598, respectively, in the current year. The School had an increase in its net position of \$112,438 for the year.

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUND

As noted earlier, the School uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental Funds

The focus of the School's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the School's financing requirements.

In particular, the *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Most of the School's operations are funded in the General Fund. The majority of the General Fund revenues are distributed to the School by the District through the Florida Education Finance Program (FEFP), which uses formulas to distribute state funds and an amount of local property taxes (i.e., required local effort) established each year by the Florida Legislature.

At the end of the fiscal year, the School's governmental general fund reported ending fund balance of \$101,956. The fund balance is unassigned and available for spending at the School's discretion is \$80,522. These funds will be available for the School's future operations.

### Achievements 2015-2016

2015-2016 was Oasis Preparatory Academy's second school year. The School had a good start in building its team of educators to serve its community children and growth in student population. The 2015-2016 school year brought a student increase of approximately 20%.

### Capital Assets

The School's investment in capital assets as of June 30, 2016 amounts to \$366,014 (net of accumulated depreciation). This investment in capital assets includes building and improvements, furniture, fixtures, text books and computer equipment. As of June 30, 2016, the School had long term debt totaling \$150,000 relating to capital assets.

### Requests for Information

This financial report is intended to provide a general overview of the finances of the Charter School. Requests for additional information may be addressed to Green Apple School Management, LLC, 1350 Wyoming Dr SE, Palm Bay, Florida 32909.

### Governmental Fund Budget Analysis and Highlights

Prior to the start of the School's fiscal year, the Board of the Charter School adopted an annual budget. A budgetary comparison statement has been provided for total governmental funds (both general fund and special revenue funds) to demonstrate compliance with the School's budget.

### Note 1 - Summary of Significant Accounting Policies

### Reporting Entity

Oasis Preparatory Academy (the "School"), is a charter school sponsored by the School Board of Orange County, Florida (the "District"). The School's charter is held by Odyssey Charter School, Inc., a not-for profit corporation organized pursuant to Chapter 617, Florida Statues, the Florida Not-For-Profit Corporation Act. The governing body of the School is the board of directors of Odyssey Charter School, Inc., which is composed of five members and also governs other charter schools. The current charter expires on June 30, 2019 and is renewable for an additional term pursuant to law or by mutual written agreement between the School and the District. During the term of the charter, the District may terminate the charter if good cause is shown. The School is located in Orlando, Florida for students from kindergarten through eighth grades and is funded by the District. These financial statements are for the year ended June 30, 2016, when 178 students were enrolled for the school year.

### Basis of presentation

The School's accounting policies conform to accounting principles generally accepted in the United States as applicable to state and local governments. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

### Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These statements report information about the School as a whole. Any internal interfund activity has been eliminated from these financial statements. Both statements report only governmental activities as the School does not engage in any business type activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services which report fees; (2) operating grants such as the National School Lunch Program, Federal grants, and other state allocations; and (3) capital grants specific to capital outlay. Other revenue sources not properly included with program revenues are reported as general revenues.

### Note 1 – Summary of Significant Accounting Policies (continued)

### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The School does not have any items that qualify for reporting in this category.

### Fund Financial Statements

Fund financial statements are provided for governmental funds. The operations of the funds are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, equity, revenues and expenditures. Major individual governmental funds are reported as separate columns in the fund financial statements:

General Fund - is the School's primary operating fund. It accounts for all financial resources of the school, except those required to be accounted for in another fund.

Special Revenue Fund - accounts for specific revenue, such as federal grants and capital outlay funding that are legally restricted to expenditures for particular purposes.

### Measurement Focus and Basis of Accounting

The financial statements of the School are prepared in accordance with Generally Accepted Accounting Principles (GAAP). The School's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) Codification of Accounting and Financial Reporting Guidance.

The government-wide statements report using the economic resources measurement focus and the full accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The School recognizes assets of non-exchange transactions in the period when the underlying transaction occurs, when an enforceable legal claim has arisen, or when all eligibility requirements are met. Revenues are recognized, on the modified accrual basis, when they are measurable and available. Non-exchange transactions occur when the school provides (or receives) value to (from) another party without receiving (or giving) equal or nearly equal value in return. Most donations are examples of non-exchange transactions. Revenues from grants and donations are recognized on the accrual basis, in the fiscal year in which all eligibility requirements have been satisfied.

### Note I – Summary of Significant Accounting Policies (continued)

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. "Measurable" means the amount of the transaction can be determined. "Available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The School considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Florida Education Finance Program (FEFP) revenues are recognized when received. A one-year availability period is used for revenue recognition for all other governmental fund revenues. Charges for services and fees are recognized when cash is collected as amounts are not measurable. When grant terms provide that the expenditure of funds is the prime factor for determining eligibility for federal, state, and other grant funds, revenue is recognized at the time the expenditure is made. Expenditures are recorded when the related fund liability is incurred, except for long-term debt principal and interest which are reported as expenditures in the year due.

### **Budgets and Budgetary Accounting**

In compliance with Florida Statutes, the Board of Directors adopts an annual budget using the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level (e.g. salaries and benefits, purchased services, materials and supplies and capital outlay) within each activity (e.g. instruction, pupil personnel services and school administration). Revisions to the annual budget are approved by the Board.

### Inter-fund Transfers

Outstanding balances between funds are reported as "due to/from" other funds. Inter-fund transfers are made to move any excess or shortage of funds derived from the National School Lunch Program from the Special Revenue Fund to the General Fund.

### Cash and cash equivalents

All deposits are held in major banks and high grade investments. The School has not adopted a formal investment policy. Cash and cash equivalents include all highly liquid investments with a maturity of three months or less.

### Due from Other Governments or Agencies

Amounts due to the School by other governments or agencies are for grants or programs under which the services have been provided by the School.

### Long -Term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. In the fund financial statements, governmental fund types report the face amount of debt issued as other financing sources.

### Note 1 – Summary of Significant Accounting Policies (continued)

### Capital Assets

The School's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the statement of net position in the government-wide financial statements. Donated capital assets are recorded at their estimated fair market value on the date donated. The School generally capitalizes assets with cost of \$2,000 or more. Building improvements, additions and other capital outlays that significantly extend the useful life of an asset are capitalized. The costs of normal maintenance and repairs that do not add to the asset value or materially extend useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts, and the resulting gain or loss is recorded in operations. Estimated useful lives, in years, for depreciable assets are as follows:

Building and improvements 5-39 Years Furniture, equipment, and library 3-10 Years

### Revenue Sources

Revenues for operations will be received primarily from the State through the District pursuant to the funding provisions included in the School's charter. In accordance with the funding provisions of the charter and Section 1002.33, Florida Statutes, the School will report the number of full-time equivalent (FTE) students and related data to the District. Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of the full-time equivalent (FTE) students and related data to the Florida Department of Education (FDOE) for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by the FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. After review and verification of FTE reports and supporting documentation, the FDOE may adjust subsequent fiscal period allocations of FEFP funding for prior year errors disclosed by its review as well as to prevent statewide allocations from exceeding the amount authorized by the Legislature. Normally, such adjustments are treated as reductions of revenue in the year the adjustment is made.

Finally, the School may also receive Federal awards for the enhancement of various educational programs. Federal awards are generally received based on applications submitted to and approved by various granting agencies. For Federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred. Any excess amounts are recorded as deferred revenues until expended. Additionally, other revenues may be derived from various fundraising activities and certain other programs.

### Note 1 - Summary of Significant Accounting Policies (continued)

### Compensated Absences

The School grants a specific number of sick days. Full time salary employees are entitled to one day per month to up to ten days of active work during the ten-month period. Full-time hourly employees are entitled to four days of paid leave annually. In the event that available time is not used by the end of the benefit year, employees will not be able to "rollover" unused days for use in future years. There is no termination payment for accumulated unused sick days.

GASB Codification Section C60, Accounting for Compensated Absences, provides that compensated absences that are contingent on a specific event that is outside the control of the employer and employee should be accounted for in the period those events take place. Accordingly, these financial statements do not include an accrual for sick days available to be used in future benefits years.

The School also provides certain days to be used for specific personal matters such as family death and jury duty. Because the use of such days is contingent upon those events taking place and such events are out of the control of both the employer and the employee, there is no accrual for such days.

### Income Taxes

Oasis Preparatory Academy qualifies as a tax-exempt organization under Internal Revenue Code Section 501(e)(3), and is, therefore, exempt from income tax. Accordingly, no tax provision has been made in the accompanying financial statements.

### Subsequent Events

In accordance with GASB Codification Section 2250.106, the School has evaluated subsequent events and transactions for potential recognition or disclosure through September 29, 2016, which is the date the financial statements were available to be issued.

### Order of Fund Balance Spending Policy

The School's policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance at the end of the fiscal year by adjusting journal entries. First Non-spendable fund balances are determined. Then restricted fund balances for specific purposes are determined (not including non-spendable amounts). Then any remaining fund balance amounts for the non-general funds are classified as restricted fund balance. It is possible for the non-general funds to have negative unassigned fund balance when non-spendable amounts plus the restricted fund balances for specific purposes amounts exceed the positive fund balance for the non-general fund.

### Note 1 – Summary of Significant Accounting Policies (continued)

### Net position and Fund balance classifications

Government-wide financial statements

Equity is classified as net position and displayed in three (3) components:

- a) Net investment in capital assets consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition or improvement of those assets.
- b) <u>Restricted net position</u> consists of net position with constraints placed on their use either by external groups such as creditors, grantors, contributors or laws or regulations of other governments. Restricted net position of the School relate to reserves required by the landlord for property maintenance and repairs.
- c) <u>Unrestricted net position</u> all other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

### Fund financial statements

Under GASB Codification Section 1800.142, Fund Balance Reporting and Governmental Fund Type Definitions. This Statement defines the different types of fund balances that a governmental entity must use for financial reporting purposes. GASB requires the fund balance amounts to be properly reported within one of the fund balance categories list below:

- a) Nonspendable includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Consists of fund balance associated with inventories, prepaid expenses, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned).
- b) <u>Restricted</u> fund balance category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. Restricted fund balance of the School relate to reserves required by the landlord for property maintenance and repairs. There are no restricted fund balances at year end.
- c) <u>Committed</u> fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the School's Board of Directors. There are no committed fund balances at year end.
- d) <u>Assigned</u> fund balance classification are intended to be used by the School's management for specific purposes but do not meet the criteria to be classified as restricted or committed. There are no assigned fund balances at year end.
- e) <u>Unassigned</u> portion of the fund balance that has not been restricted, committed or assigned for a specific purpose. This is the residual classification for the School's general fund.

### Note 1 - Summary of Significant Accounting Policies (continued)

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

### Note 2 -- Capital Assets

The following schedule provides a summary of changes in capital assets, acquired substantially with public funds, for the year ended June 30, 2016:

### Note 3 -Management Agreement

The School uses a professional charter school management company to provide management and administrative services to the School including, but not limited to, facility design, staffing recommendations, human resource coordination, regulatory compliance, legal and corporate upkeep, maintenance of the books and records, bookkeeping, budgeting and financial reporting. The School contracted with Green Apple School Management, LLC. The agreement with Green Apple School Management, LLC is for a period of five years through June 30, 2018 unless terminated, modified or renewed by the parties. The agreement between the School and the management company both called for a fee of \$500 per full time equivalent (FTE) student for the school year ended June 30, 2016. During the year ended June 30, 2016, the School incurred \$65,251 in management fees.

Green Apple School Management, LLC is located at 1350 Wyoming Drive SE, Palm Bay, Florida. The managing member is Constance Ortiz.

### Note 4 - Transactions with School District and Other Divisions of Odyssey Charter School, Inc.

The School obtained three lines of credit promissory notes with Odyssey Charter School, Inc. on October 18, 2013, July 15, 2014 and August, 28, 2014 for maximum loan amounts of \$50,000; \$20,000 and \$80,000; respectively; The unpaid principal of these lines of credit shall bear simple interest at the rate of zero percent (0%) per annum. Notes shall be due and payable within five years from the time the advance is made, or by the conclusion of the initial charter term on June 30, 2018; June 30, 2019 and June 30, 2018; respectively. There shall be no penalty for early repayment of all or any part of the principal. The following schedule provides a summary of changes in long-term debt for the year ended June 30, 2016.

	F	Balance					E	Balance
	July	01, 2015	A	dditions	Repay	ments	Jun	e 30, 2016

	\$	50,000	\$	100,000	\$	_	\$	150,000

Pursuant to the Charter School contract with the School District, the District withholds an administrative fee of 5% of the qualifying revenues of the School. For the year ended June 30, 2016, administrative fees withheld by the School District totaled \$63,394.

### Note 5 - Capital Lease

The School leases certain office equipment under capital leases with annual payments totaling approximately \$2,976 through 2017. The assets and liabilities under the capital leases are recorded at the lower of the present value of the future minimum lease payments or the fair value of the assets. Minimum future lease payments under such leases are as follows:

Year ending	Pa	yments
2017	\$	2,976
Total future minimum lease payments	***************************************	2,976
Less amount representing interest		59
Present value of future minimum lease payments	\$	2,917

The following schedule provides a summary of changes in long-term debt for the year ended June 30, 2016:

	B	alance					В	alance
	July	01, 2015	Addi	tions	Rep	ayments	June	30, 2016
Capital Lease	\$	6,233	\$	_	\$	3,316	\$	2,917
	.\$	6,233	\$	-	\$	3,316	\$	2,917

### Note 6 - Deposits Policy and Credit Risk

It is the School's policy to maintain its cash and cash equivalents in major banks and in high grade investments. As of June 30, 2016, the carrying amount of the School's deposits was \$113,122 and the respective bank balances totaled \$204,355.

Deposits at FDIC-insured institutions are insured up to \$250,000 per depositor, per financial institution. The School is a charter school under Odyssey Charter School, Inc., which also operates various other charter schools. All bank accounts are opened under the account ownership of Odyssey Charter School, Inc., therefore, bank balances at times may potentially be in excess of FDIC coverage. As of June 30, 2016, bank balances in potential excess of FDIC coverage totaled \$204,355.

### Note 7 - Commitments, Contingencies and Concentrations

On November 4, 2013, the School entered into a lease agreement with Mount Sinai Missionary Baptist Church of Orlando, Inc. for the building and premises. The lease agreement is set to expire on June 30, 2018 and may be renewed. Initial fixed and second year annual payments under this agreement based on \$600 per full time equivalent students (FTE) are approximately \$87,600; for year three based on \$625 per FTE and for year four \$700 per FTE, plus certain additional property expenses including repairs, maintenance and insurance.

### Note 7 - Commitments, Contingencies and Concentrations (continued)

For 2016, the School's rent expense totaled \$106,800.

Future minimum payments under this lease agreement are as follows:

<u>Year</u>	
2017	\$111,250
2018	\$124,600

### Contingencies and Concentrations

The School receives substantially all of its funding from the District under the Florida Education Finance Program (FEFP), which is based in part on a computation of the number of full-time equivalent (FTE) students attending different instructional programs. The accuracy of FTE student data submitted by individual schools and used in the FEFP computations is subject to audit by the state and, if found to be in error, could result in refunds to the state or in decreases to future funding allocations. Additionally, the School receives various federal, state and local funds which is subject to financial and compliance audits. It is the opinion of management that the amount of revenue, if any, which may be remitted back to the state due to errors in the FTE student data or the amount of expenditures which may be disallowed by grantor agencies would not be material to the financial position of the School.

### Note 8 - Risk Management

The School is exposed to various risks of loss related to torts, thefts of, damage to and destruction of assets, errors and omissions and natural disasters for which the School carries commercial insurance. Settlement amounts have not exceeded insurance coverage in the past. In addition, there were no reductions in insurance coverage from those in the prior year.

### Note 9 - Defined Contribution Retirement Plan

The School sponsors a defined contribution plan for all full-time employees working 35 hours or more a week and who have been employed for at least one year. The plan permits voluntary contributions from employees, based on a salary reduction agreement, and provides a matching contribution up to 3% of the employee's compensation, after one year of employment. The School contributed to the Plan \$2,012 for the year ended June 30, 2016.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Oasis Preparatory Academy Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Oasis Preparatory Academy (the "School") as of, and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 29, 2016.

### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

and the state of t

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We issued a separate management letter dated September 29, 2016 pursuant to Chapter 10.850, Rules of the Auditor General.

### Purpose of this report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### MANAGEMENT LETTER

To the Board of Directors of Oasis Preparatory Academy Orlando, Florida

### Report on the Financial Statements

We have audited the financial statements of the governmental activities and each major fund of Oasis Preparatory Academy as of and for the year ended June 30, 2016 and have issued our report thereon dated September 29, 2016.

### Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.850, Rules of the Auditor General.

### Other Reports and Schedules

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. Disclosure in those reports, which are dated September 29, 2016, should be considered in conjunction with this management letter.

### Prior Audit Findings

Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.

### Official Title

Section 10.854.(1)(e)5., Rules of the Auditor General, requires the name or official title of the entity. The official title of the entity is Oasis Preparatory Academy.

### **Financial Condition**

Sections 10.854(1)(e)2, Rules of the Auditor General, require that we apply appropriate procedures to determine whether or not Oasis Preparatory Academy has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific

### Financial Condition (Continued)

condition(s) met. In connection with our audit, we determined that Oasis Preparatory Academy did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Sections 10.854(1)(e)6.a and 10.855(12), Rules of the Auditor General, require that we apply financial condition assessment procedures for Oasis Preparatory Academy. It is management's responsibility to monitor Oasis Preparatory Academy financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. We have applied such procedures as of the fiscal year end and no deteriorating financial condition has been noted.

### Transparency

Sections 10.854(1)(e)7 and 10.855(13), Rules of the Auditor General, require that we apply appropriate procedures to determine whether Oasis Preparatory Academy maintains on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes. In Connection with our audit, we determined that Oasis Preparatory Academy maintained on its Web site the information specified in Section 1002.33(9)(p), Florida Statutes.

### Other Matters

Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

### Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and Florida House of Representatives, the Florida Auditor General, School Board of Orange County, Federal and other granting agencies, the Board of Directors, and applicable management and is not intended to be and should not be used by anyone other than these specified parties.

### MEMORANDUM

TO: Odyssey Charter School, Inc. Board of Directors

FROM: Cindy Gilmore, Green Apple School Management

REQUESTING SCHOOL: Oasis Preparatory Academy

DATE: September 28, 2016

RE: School Improvement Plan (SIP)

The school is required to submit a School Improvement Plan (SIP) to Orange County Public Schools that is based on the goals and objectives of the school and complies with the guidelines provided by the state and/or sponsor (Pursuant to 1002.33(20), F.S., State Board of Education Rule 6A-1.09981 and Contract). The school met with their School Advisory Council (SAC) for recommendations and has successfully submitted the SIP in a timely manner. The school requests acceptance of the attached plan by the OCS Board of Directors.

Name of School: Oasis Preparatory Academy Site Administrator: Christopher Essex

Area Superintendent: Kia Scott, Director School Choice SAC Chairperson: OCS Board Chair, Leslie Maloney Superintendent: Dr. Jenkins

### Mission Statement:

The Mission of Oasis Preparatory Academy is to work in partnership with the family and community, with the aim of helping each child reach full potential in all areas of life. We seek to educate the whole child with the understanding that each person must achieve a balance of intellectual, emotional, physical, spiritual, and social skills as a foundation for life.

### Vision Statement:

As a school we are committed to academic excellence and the education of the whole child. We achieve high standards of achievement through students is achieved through a healthy school lunch program and nutrition education. The school's aim is to prepare children to reach full their individualized instruction plans, and differentiation of instruction to meet the needs of students. Additional focus upon creating healthy providing accessible quality holistic education programs along with the Montessori philosophy which focuses upon mastery learning, potential while playing a responsible role in fostering peace and harmony within our school and community.

# Communication of School Improvement Plan:

Briefly explain how the mission, vision and school improvement plan is communicated to all stakeholders.

1. Founder and Head of Schools presented mission, vision, and school-wide data during preplanning to all staff and teachers in preparation

for the development of the school improvement plan.

- The School Improvement Plan is developed and reviewed through collaboration with faculty. ĸ,
- Ongoing conversations about the implementation of the School Improvement Plan takes place during early release discussions and in Professional Learning Communities.
- SIP Presented to Odyssey Charter School Board for acceptance.
- School will review the mission, vision, and SIP with parents during the first Title I night. Ŋ

Oasis Preparatory Academy School Improvement Plan 2016-17
Part 1: Planning for Student Achievement

RATIONALE - Continuous Improvement Cycle Process

What planning? Are plans Standards Driven? Are Essential Questions meaningful? What do CWT tell you about instruction? How will you monitor the Data Analysis from multiple data sources: (Needs assessment that supports the need for improvement-Examples may be, but are NOT limited to survey data, walk-through dota, minutes from PLC's or Dept. Mtgs. Move away from talking about every single data source and determine your rationale. Much like the PGP, what is your focus and why?) Considerations/Examples: What are the areas of success? Where are concerns? trends do you see? What kind of data are you looking at within your school? What data do you use for teacher practice? How are teachers depth of implementation?

elementary schools in the State based upon the English Language Arts achievement and learning gains/points achieved in the school grades model Oasis serves a student population of 100% minority and 100% poverty. The School received a grade of "F" for the 2015-16 school year. This was a significant reduction from the 2014-15 school year, where the school received a grade of "D". The School placed as one of the lowest 300 for the Florida Department of Education's State assessment and accountability grading system.

new Kindergarteners enrolled, and an additional 40 new 1st through 5th grade students enrolled. This is more than a 50% mobility rate. Mobility is At the end of the 2015-16 school year, Oasis had 146 students enrolled. Of those students, 75 students returned for the 2016-17 school year, 48 since higher mobility tends to correlate with lower achievement. Mobility affects the school itself by impacting the performance of the students coming in and out of the system; thereby weighing on the overall test scores of for the entirety of the school. New students take time to catch up with a new curriculum. Student records take time and energy to transfer.

This table describes the increase in student enrollment at Oasis Prep over the last two years, which is approximately a 20% increase.

# Analysis of SIP Goals for 2015-16

The School did not achieve many of our School Improvement Plan goals for academic achievement.

- In Reading, our goal was to increase Reading proficiency by 11%. It was anticipated that the School would move from 31% to 42% proficient. The School dropped to 23% proficient in Reading.
- Another Reading goal was to increase reading proficiency from 38% proficiency to 65% proficiency as determined by the Fountas and Pinnell Benchmarking Assessment System. The proficiency rate did not improve. Due to mobility, the 1516 F&P data is not statistically valid measure for use in the development of the 1617 goals.
- In Math, our goal was to increase Math proficiency by 10%. It was anticipated that the School would move from 33% to 43% proficient. The School dropped to 26% proficient in Math.
- standards, actual proficiency can't be determined through these assessments. However, gains in performance (increase in the percent of standards assessment on Study Island from the fall cold assessments to the spring cold assessments. Since each of the cold assessments evaluated different assessments were designed to test student mastery of the standards taught. 100% of the grade levels showed significant gains on the math cold Another Math goal was to increase math proficiency in grades 3-6, as measured on Study Island, on the cold assessments. The cold mastered) increased in all grade levels.

Analyzing reasons why we were not able to achieve our goal determined the following:

- Lack of effective and collaborative school-based leadership
- Feacher shortage that impacted finding highly qualified teachers to begin the school year
- A large percentage of students that started below grade level academically 'n
- 100% minority and economically disadvantaged student population and 50% mobility 4
- Lack of teacher preparedness or experience working with high need student populations λ. Θ.
  - Underdeveloped MTSS and Exceptional Education program for qualified students

and specific population data. Over the course of several meetings to analyze data, teachers and staff closely reviewed the implications of the data to sources included academic achievement (FSA, School Assessments) as well as early warning indicators such as in-seat attendance, suspension rates Near the beginning of the school year, the School Leadership team guided staff through a detailed analysis of school-wide data. The various data be able to inform classroom instruction and remedial plans.

In 2016-17 Oasis will continue the development of the professional learning community (PLC) process. Over the course of the year, Oasis will hold weekly grade level PLC meetings during which teachers collaborate together to gain common understanding of grade level Florida State Common planning. Students' mastery of Florida standards taught are assessed periodically and data is reviewed regularly to inform on-going instruction. academic vocabulary to be taught, instruction implementation and expected student outcomes are discussed, and documented through lesson Core learning standards, known as "unpacking." Teachers are being trained by School Leadership and a newly of the School's academic struggles, the OCS Board recognized a need and made a change to the School Leader in order to facilitate a stronger focus implemented to help with providing successful intervention for below grade level (BGL) students. In addition, the interventionist and Instructional on student achievement and BGL learners, and in order to move the School toward a collaborative leadership model that was more aligned to the hired MTSS Coordinator in the MTSS process. Using Fountas and Pinnell Benchmarking and other systems, a systematic process will be School's mission and vision.

Best Practice: (What does research tell us we should be doing as it relates to data analysis above?)

According to the National Center for Urban School Transformation, certain aspects of school must exist in order to achieve excellence. We have chosen aspects related to the behavior of the adults and the children. http://www.ncust.org/wp/

# School Leaders:

- Help educators focus on key academic content
- Developing teaching strategies for mastery learning including: quality first instruction, student engagement, checks for understanding, and reteach opportunities
- Structure opportunities for teachers to learn content to greater levels of depth

- Engage teachers in designing and implementing assessments that provide concrete, common understandings of the levels of mastery students should attain
- Engage teachers with evaluation of curricula and considering opportunities for improvement

# Staff;

- Create clarity and specificity about what students are expected to learn
- Minimize transitions, wait time, and time off task
- Focus persistently on the objective to be mastered
- Focus on generating substantial depth of understanding (higher-order thinking)
- Strive to get every student to demonstrate mastery of the objective
- Engage all students in demonstrating their levels of understanding throughout the lesson
- Attend carefully to evidence of student understanding throughout the lesson
- Adapt instruction when student mastery is not evidenced
  - Conclude by checking student understanding

# Students:

- Students are eager to attend school. They perceive that adults in the school care sincerely about them and about their success. Students feel a personal connection to the adults at school
- Students feel safe physically and emotionally. They know that the adults in the school do whatever is necessary to create a safe and comfortable learning environment.
- Students believe they are likely to succeed academically. Students believe that their hard work will result in both short-term and long-term exciting opportunities.

# Parents:

- Parents believe that educators care about their child. Parents believe that educators perceive potential in their child and are working to maximize that potential
- Parents feel welcome at school. They feel that educators perceive them as strong, positive partners in the education of their child. Parents feel that their concerns and insights are appreciated.
- Parents believe that educators appreciate whatever small or large contributions they make to their child's education

# ENGLISH LANGUAGE ARTS (ELA)/READING/WRITING Instruction

from Fountas and Pinnell Benchmarking Assessment System and implementation of Leveled Literacy Intervention instruction. The use of this data Oasis will improve the proficiency level of students in ELA through the use of formative assessment data, including the use of BOY/MOY/EOY Data will drive small group literacy instruction. Study Island (SI) assessments will also be used to monitor progress and determine student mastery of Language Arts Florida Standards (LAFS). These assessments will be provided as "cold assessments" to determine instructional needs and reteach standards.

The school will continue to implement, with fidelity, weekly PLC meetings with each grade level to unpack the Florida Standards and create learning plans. These meeting will occur for 45 minutes twice a week The school will implement, small group literacy instruction, implementing the Core Knowledge Language Arts curriculum and focusing on standardsbased writing using the FSA writing rubric. A full time instructional coach, an ESE/Interventionist and other support staff will be used to support the implementation of these programs.

A Montessori coach will work with Kindergarten teachers to bring in time tested Montessori materials in reading and math. Teachers will be supported weekly throughout the year with Montessori coaching support.

# Math and Science

Oasis Preparatory Academy will improve the proficiency level of students in math and science. Florida Ready pre and post tests will be used in 2nd grade and up to determine in-house mastery of the Florida standards. Cold Study Island (SI) assessments will be used to monitor progress and to determine proficiency and mastery of the standards most recently taught according to MAFS. SI will be used to determine growth for students in Kindergarten through 6<sup>m</sup> grade. The school plans to implement, twice a week 45 minute PLC's with each grade level to unpack the Florida Standards and develop learning plans. The school plans to implement, small group mathematics instruction with a focus on complex mathematical tasks and deep understanding of mathematical standards and practices.

science standards. In addition, to address this gap, we will ensure that unpacking standards and creating regular learning plans will increase students science coach will work with the elementary teachers to review the science curriculum map and pacing guide, develop mastery of science vocabulary needed for science FCAT success, and to analyse and address results of Study Island cold assessments to determine the need for re-teaching of In addition to Oasis Preparatory Academy's focus on mathematics, the data shows a lack of scientific methods and understanding of science. A understanding of science.

School Based Objective: (Action statement: What will we do to improve programmatic and/or instructional effectiveness?)

Currently, only 17% of the Oasis students in the tested grades (grades 4 and 5) demonstrated proficiency on last spring's Math FSA.

- 1) The School's Math goal is to increase proficiency from 26% in 1516 to 30% in 1617.
- The School did not have enough students to qualify for the lowest 25% learning gains last year. The School expects to have a gain with at 2) Last year, 41% of students got a learning gain. The goal for this year is to have 50% of students get a learning gain. 3) The School did not have enough students to qualify for the lowest 25% learning gains last year. The School expects least 50% of students in this group this year.

### NOTES TO FINANCIAL STATEMENTS

Orion Preparatory School
MSID Number: 6542
July 31, 2016

The requirements for the notes to the financial statements are codified in Section 2300 of the Codification of Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board. The Charter school is encouraged to use the notes to the financial statements from the prior fiscal year audit as a guide for the current year's notes for consistency in the financial statement presentation.

### Note 1: State of Florida Revenues Received Through the District

The school receives some of its Federal and State of Florida revenues for current operations through the District. Listed on the following page is Schedule 1, which contains the details of these year to date revenues received.

### Note 2: Other Revenue

Other year to date revenues received from federal and local sources are located in Schedule 2 on the following page.

### Note 3: Due to/(from) Management Company

The management company is responsible to organize, develop and manage the school operations based on contract negotiations between the charter school and the management company. The fees charged by the management company are negotiated under the contract. Based on contract terms, the management company may also enter into agreements for additional services for which the school is expected to pay. Please see Schedule 3 on the following page for details of the management fees, accumulated contributions, and operating costs provided by the management company.

In addition to the information included in Schedule 3, there are other agreements such as facilities use agreements for buildings and/or building rentals paid for by the school. The details of those facilities agreements and any other agreements (not already defined) are listed below.

### NOTES TO FINANCIAL STATEMENTS

Orion Preparatory School
MSID Number: 6542

August 31, 2016

The requirements for the notes to the financial statements are codified in Section 2300 of the Codification of Governmental Accounting and Financial Reporting Standards published by the Governmental Accounting Standards Board. The Charter school is encouraged to use the notes to the financial statements from the prior fiscal year audit as a guide for the current year's notes for consistency in the financial statement presentation.

### Note 1: State of Florida Revenues Received Through the District

The school receives some of its Federal and State of Florida revenues for current operations through the District. Listed on the following page is Schedule 1, which contains the details of these year to date revenues received.

### Note 2: Other Revenue

Other year to date revenues received from federal and local sources are located in Schedule 2 on the following page.

### Note 3: Due to/(from) Management Company

The management company is responsible to organize, develop and manage the school operations based on contract negotiations between the charter school and the management company. The fees charged by the management company are negotiated under the contract. Based on contract terms, the management company may also enter into agreements for additional services for which the school is expected to pay. Please see Schedule 3 on the following page for details of the management fees, accumulated contributions, and operating costs provided by the management company.

In addition to the information included in Schedule 3, there are other agreements such as facilities use agreements for buildings and/or building rentals paid for by the school. The details of those facilities agreements and any other agreements (not already defined) are listed below.

Dear Mr. Heer:

Odyssey Charter School, Inc. (or an affiliate assignee, "Buyer") has been advised that UMB Bank, N.A., as trustee for all of the holders of certain municipal bonds ("Bondholders") issued to finance the charter school facility located at the address above (as more particularly described in the Agreement (defined below), the "Property"), is authorized to offer to sell the Property on behalf of the Bondholders, which have taken title to the Property via enforcement of their mortgage securing such bonds. Buyer is the present lessee of the Property under two leases (the "Leases"), and is willing to consider the purchase of the Property from the Bondholders ("Seller") on the terms and conditions set forth herein, including execution and delivery of final purchase and sale documentation.

This letter of intent is only for the purposes of outlining the parties' interest in structuring a purchase and sale agreement (the "Agreement"). It is expressly understood and agreed that except as expressly set forth herein, this letter shall not in any way constitute a binding agreement between Buyer and Seller, but is intended only to outline some of the basic terms and conditions to be used in the formulation of the Agreement, to be negotiated in good faith. Except as set forth herein, neither Buyer nor Seller shall be bound unless and until a definitive purchase Agreement is mutually executed and delivered, which Agreement shall supersede this letter in its entirety. Except as set forth herein, no party shall be under any legal obligation to the other party by reason of this letter.

- 1. Purchase Price. The purchase price (the "Purchase Price") payable by Buyer for the Property shall be the sum of Eight Million Four Hundred Thousand Dollars (\$8,400,000.00), subject to a credit to be provided by Seller at Closing (defined below) in the amount of One Hundred Thousand Dollars (\$100,000.00) in recognition of certain HVAC matters. The Purchase Price shall be paid by Buyer at Closing in the form of cash or other current funds, with credits for prepaid rent, additional rent and security deposits previously made under the Leases, and normal prorations as applicable.
- 2. Good Faith Deposit; No Marketing. Seller has requested that Buyer post with Buyer's counsel (as escrow agent) a good faith deposit in the amount of One Hundred Thousand Dollars (\$100,000.00), within five business days of the date on which Seller delivers an executed copy of this Letter of Intent to Buyer. Such deposit shall be released to Buyer if the parties do not both execute and deliver the Agreement within thirty-one calendar days of the date of on which Seller delivers an executed copy of this Letter of Intent to Buyer, or retained by escrow agent as the initial deposit under the Agreement if the same is so executed and delivered. Buyer is willing to do so, in exchange for the binding obligation of Seller to cease any efforts to sell the Property to any other person or entity, including without limitation directing any listing agent(s) for the Property to immediately suspend any sales efforts, remove any internet or other media listings of the Property, advise any interested parties that the Property is under an exclusive dealing provision. Seller shall not engage in any such activities for its own account either, and shall return without explanation any unsolicited offers for the Property and decline to respond to any inquiries concerning the sale of the Property. Such exclusive negotiation period shall commence on the date on which Seller delivers to Buyer an executed copy of this Letter of Intent, and shall end (i) at 5:00 p.m. on the thirty-first calendar day following Seller's delivery of an executed copy of this Letter of Intent to Buyer, if the parties have not executed the Agreement on or before such date and time, or (ii) as provided in the Agreement if the parties have executed the Agreement prior to such date and time.
- 3. Due Diligence Review; Delivery of Documents. To the extent that the same are in its possession. Seller shall deliver to Buyer copies of all of documents concerning the Property described in Exhibit A attached hereto, within ten days of the effective date of the Agreement, and shall deliver with the last of such documents a notice stating that it has completed delivery of all such documents in its possession. Following such date, Buyer shall have a period of forty-five days to conduct its review of the Property and all aspects thereof, and determine in its sole discretion whether the Property is feasible and desirable for its needs. In the event that Buyer determines not to pursue the acquisition of the Property, the deposit shall be immediately refunded to Buyer, the Agreement shall terminate, and the leases in effect on the date hereof shall continue as provided therein. In the event that Buyer determines to proceed to secure financing and close on the Property, Buyer shall give written notice thereof to Seller prior to the end of the due diligence period, and shall, within five business days of the giving of such notice, deposit the additional sum of Three Hundred Twenty Thousand Dollars (\$320,000) with the escrow agent. Such deposit, and the initial deposit described

- above, shall be held by the escrow agent and applied to the Purchase Price at Closing, or as otherwise provided in the Agreement.
- 4. <u>Financing Contingency</u>. Seller acknowledges and agrees that Buyer requires financing to consummate the acquisition of the Property. The Agreement shall contain a financing contingency providing to Buyer a period of ninety days to obtain a commitment for permanent financing for the acquisition of the Property, in an amount and on terms reasonably acceptable to Buyer. In the event that Buyer obtains such a commitment, it shall notify the Seller thereof in writing, whereupon the deposits shall become nonrefundable except for Seller default, condemnation, casualty loss and similar occurrences set forth in the Agreement. In the event that Buyer is unable to obtain such a commitment within the allotted period, the deposits shall be refunded in full to Buyer, the Agreement shall be terminated, and the leases in effect on the date hereof shall continue as provided therein.
- 5. Closing, Costs. The closing of the purchase and sale of the Property (the "Closing") shall take place on the date which is not later than thirty days following the satisfaction of the financing contingency, at a specific time and location mutually and reasonably acceptable to the Buyer and Seller. Buyer shall pay all costs associated with its financing of the acquisition, including recording costs, documentary stamp, intangibles, simultaneous issue premium for lender's title insurance and other taxes and fees related to the mortgage, and costs of survey and other investigations of the Property. Seller shall pay transfer taxes and recording costs for the deed, and the owner's title insurance search charges and premium. Each party shall pay its own attorneys' fees and expenses.
- 6. <u>Documentation</u>: Following receipt of the original executed counterpart of this letter from Seller, Buyer shall direct its counsel to prepare a draft of the Agreement and will transmit the same to Seller for its review. Upon execution and delivery by both parties of the Agreement, this Letter of Intent shall be deemed to have been replaced, superseded and of no further force or effect.
- 7. Brokerage Fees: Seller represents and warrants to Buyer that Seller has not engaged a broker to act on its behalf with respect to this Letter of Intent or the transactions described herein. Buyer represents and warrants to Seller that Buyer has not engaged a broker to act on its behalf with respect to this Letter of Intent or the transactions described herein.
- 8. <u>Title:</u> At Closing, Seller shall convey to Buyer by special warranty deed good, marketable and insurable fee simple title to the Property, free and clear of all liens, easements and other encumbrances, except those title exceptions which have been caused by or are otherwise acceptable to Buyer.
- 9. <u>Binding Letter:</u> This Letter of Intent is not intended as, and does not constitute, a binding agreement by any party, nor an agreement by any party to enter into a

binding agreement, but is merely intended to specify some of the proposed terms and conditions of the transaction contemplated herein. Neither party may claim any legal rights against the other by reason of the signing of this Letter of Intent or by taking any actions in reliance thereon. Each party hereto fully understands that no party shall have any legal obligations to the other, or with respect to the proposed transaction, unless and until all of the terms and conditions of the proposed transaction have been negotiated and agreed to by all parties and set forth in a definitive Purchase Agreement which has been signed and delivered by all parties. Except for the provisions of Sections 19, 20 and 21 hereof, the only legally binding obligations that Buyer and Seller shall have shall be those contained in such signed and delivered Purchase Agreement. Furthermore, any costs incurred or action taken by either Purchase or Seller in the absence of an executed and delivered Purchase Agreement will be at such party's sole risk.

Sincerely,
Odyssey Charter School, Inc.

Odyssey Charter School, Inc. 1755 Eldron Boulevard, SE Palm Bay, Florida 32909 Attention: Leslie Maloney, President

Re: Engagement Letter for Legal Services

Dear Ms. Maloney:

Our firm is very pleased to have the opportunity to work with you in support of Odyssey Charter School, Inc., and its mission. We have worked successfully with other charter schools in a variety of matters, especially in connection with acquisition, development and financing of school facilities.

In keeping with our firm's policy, I am writing to confirm your engagement of our firm as counsel for Odyssey Charter School, Inc. ("Client"), with respect to the acquisition and financing of a currently leased charter facility in Palm Bay, Florida. While we may be asked to represent Client on other matters in the future, our work at this time is limited to this matter. We have waived our retainer requirement for the Project, in light of Client's needs. However, waiver of the retainer requirement is not a waiver of fees and expenses incurred.

The lead attorney for this project will be David Cohen. Please note, however, that it is the practice of the members of our firm to delegate responsibilities to others here, including associates, paralegals and legal assistants, when they are in a better position to carry out those responsibilities, whether because of experience, expertise or other factors. We also try to delegate assignments to persons who can properly perform the work at a lesser cost.

Attached to this letter are two addenda. The first addendum sets forth the terms of how our fees for legal services are determined and billed under this engagement. The second addendum sets forth our firm's policies regarding other matters relevant to this engagement, including cost advances and reimbursement obligations and the retention of client files. Please review the addenda carefully as they are a material part of the agreement regarding this engagement.

If this letter reflects your understanding of our engagement, please have a copy of this letter signed on behalf of Client to indicate its agreement and return the signed copy to me.

The satisfaction of our clients with our work and our fees is important to us. If anything in this letter or the attached addenda presents a problem or is unclear, please let me know. Thank you for the opportunity of working with you.

Sincerely,

David Cohen

### ADDENDUM 1 Fees for Legal Services

1. Fees. For the matter(s) covered by this engagement, the fees for legal services will be based on the hourly rates for the lawyers or paralegals performing the services. These rates reflect the experience and expertise of the individuals involved. The hourly rates for partners in the firm will be \$360, the hourly rate for associates will be \$250, and hourly rate for paralegals will be \$120. Any estimate of fees that may be discussed represents only an estimate of such fees and shall not establish, limit or affect the actual amount of fees.

The firm's fees and the client's obligation to pay the same are in no way contingent on the ultimate outcome of the matter(s) covered by this engagement.

All fees are exclusive of costs. Costs are separately addressed in Addendum 2.

- 2. Billing and Payment. The firm submits statements for legal services monthly. The statements are due and payable in full within thirty (30) days of receipt.
- 3. Retainer. With new clients or with substantial new matters for existing clients, the firm requires the client to pay a retainer. A retainer is in the nature of a deposit, held by the firm for the protection of its investment of time and effort. With a retainer, the firm still bills for services, and the retainer is applied against fees and costs billed on the statements. Depending on the scope of services anticipated and the amount of the retainer, the firm reserves the right to require an additional retainer to secure payment of future statements. Any unapplied portion of the retainer will be returned to the client promptly following the completion of this engagement.

### ADDENDUM 2 General Terms of Engagement for Legal Services

1. Advances and Costs. Most matters require the firm to make certain expenditures and incur certain costs on the client's behalf. Some of these reflect payments to third parties while others represent internal costs incurred to provide services. These expenses include items such as fees for filings, delivery and copying charges, telephone and fax charges, title insurance search and examination fees, travel, meals and lodging expenses, computer-assisted research, court reporter and transcription costs, and a variety of others. In retaining the firm, the client agrees that the firm has the authority to use its judgment in making such expenditures and incurring such costs on the client's behalf, and that the client will pay such amounts as billed on the firm's periodic statements. The firm will use reasonable efforts to minimize these costs and generally will seek the client's approval before incurring significant items of expense. If the nature of the matter is such that substantial advances are anticipated, the firm may require a separate deposit for such purpose. The firm is under no obligation to advance funds for the client, and, at the firm's election, may require that certain cost items be billed directly to the client by the vendor(s). The client agrees to pay such items as billed by the vendor(s), without mark-up or handling fee by the firm.

The costs and expenditures relating to this engagement are not predictable. Accordingly, the firm makes no commitment to the client concerning the maximum costs that will be necessary to resolve or complete the subject matter(s). Any estimate of costs that may be discussed represents only an estimate of such costs and shall not establish, limit or affect the actual amount of costs.

- 2. Delinquent Payments. Any fee or cost not paid when due will, at the firm's option, bear a late charge at the rate of 1-1/2% percent per month for each month the due amount remains unpaid. In the event that any fee or cost is not paid in full within thirty (30) days after its due date, the firm will have the option to withdraw from its representation of the client under this engagement, and the client hereby authorizes and consents to such withdrawal under those circumstances.
- 3. Staffing. Staffing of this engagement will depend primarily upon the firm's judgment as to the experience and expertise required to discharge its professional responsibilities properly. Certain work may be done by paralegals or legal assistants. Such persons, although not lawyers, have undergone training to perform certain services that would otherwise be performed by lawyers. That work is supervised by lawyers. The use of paralegals and legal assistants allows us to deliver legal services to you at a lower cost. Also, on occasion, when the nature of a specific engagement or personnel needs require, the firm may use contract lawyers or paralegals to assist on a specific project. Ordinarily, the services for such contract personnel are billed based on experience and expertise of the individuals on the same basis as for "regular" lawyers and paralegals.
- 4. Communications. The firm will attempt to keep the client closely advised of the progress of this engagement. It is the firm's general practice to send clients copies of all material documents relating to the subject matter(s). In certain cases, to avoid any miscommunications between the firm and the client, the firm may request that a representative of the client be designated as the primary contact for communications with the client.

5. Document Retention Policy. We have adopted a policy for client file retention to comply with applicable legal ethics rules. Under that policy, at the conclusion of the representation of a client in a matter, a responsible firm attorney will direct a review of the file to determine which materials should be retained because of pending proceedings or as a record of the representation and which are no longer needed. Ordinarily, the firm will retain such materials as correspondence, final substantive work product, material documents obtained from the client, and material documents obtained from third parties. The firm may elect not retain duplicate copies of documents, drafts, notes and other items determined by the firm not to be needed by the client or by the firm after the conclusion of the representation. Client files may be retained and stored as paper copies (and other tangible materials) or electronically, as the firm elects. In the event the firm elects to retain and store client files electronically, the firm will contact the client to determine the client's wishes regarding file retention before any paper copies or other tangible file materials are destroyed. Original documents of legal significance that may not be stored electronically under applicable legal ethics rules will either be retained by the firm or delivered to the client in accordance with the client's wishes.

As to retained client file materials, ordinarily the firm will keep files for seven (7) years. At the end of that time, the firm will use diligent efforts to advise the client of the pending disposition of the files and to provide the client with a reasonable opportunity to obtain possession of the files. If the firm is unable to contact the client or the client does not elect to recover possession of the files, the firm will destroy the file materials or retain them in electronic form, at the firm's discretion. If the client's file materials are voluminous and the firm's storage space is limited, the firm may return the file materials to the client sooner than the end of the normal seven (7) year period.

If a client wishes to make specific arrangements for the retention or disposition of files, the client should advise the firm in writing. Whatever alternative arrangements are agreed to should be put in writing so both client and the firm are clear on their obligations. If at any time the client's files become subject to legal or administrative process or become relevant to pending or threatened litigation, the client should promptly advise the firm, so the firm can take appropriate steps to preserve the subject files. At the conclusion of a representation, even if the client directs the firm to return files from the representation, the firm will have the right to retain a copy of the client files.

- 6. Termination. The client has the right to terminate the firm's representation at any time. Subject to the rules of professional conduct established by the Supreme Court of the State of Florida, the firm has the same right to terminate its representation. In the event the firm elects to terminate its representation, the firm will provide the client with reasonable notice in order that the client may arrange alternative representation. If this engagement is terminated, the client will remain responsible for payment to the firm for services performed and costs incurred before termination and in connection with the orderly transition of the matter.
- 7. Dispute Resolution. In the event of any dispute between the client and the firm regarding the performance of legal services or the payment of any fee or cost, at the firm's election, the parties shall attempt to resolve the disputed matter through the Attorney/Client Assistance Program or Grievance Mediation Program administered by The Florida Bar before initiating any litigation or other formal proceeding regarding such matter.

### EDWARDS COHEN

### Edwards, Cohen, Dawson, Mangu & Noble, P.A.

### I. FIRM OVERVIEW

### A. General

Edwards, Cohen, Dawson, Mangu & Noble, P.A. is a Jacksonville-based business law firm representing a broad range of private and public entities and institutions. Senior members of the Firm are all "AV" rated by Martindale Hubbell for highest legal skills and ethical standards. All of the Firm's attorneys attended and excelled at the top law schools in the country, and they serve the community through a broad range of civic and charitable organizations.

The Firm was established over 20 years ago, and is comprised of senior members who have each practiced in Jacksonville for 25 or more years. Senior members of the Firm have practiced and gained experience with some of the most highly-regarded international and regional law firms, including White & Case, Jones Day Reavis & Pogue, Foley & Lardner, Nossaman Guthner Knox & Elliot, Akerman Senterfitt, and Mahoney Adams & Criser.

Recognizing the advantages of small firm practice for its clients, the Firm strives to avoid the "big firm" culture, cost and billing practices. Clients are served directly by the Firm's senior attorneys, at billing rates below rates charged for associates at larger firms, and without "group" involvement in projects unless absolutely necessary.

The Firm's members have an in-depth knowledge of business, finance and real estate concerns, economic drivers, government structures and processes, and the variety of legal constructs to achieve client goals. This knowledge creates value in the representation of clients on either side of business, finance or real estate transactions.

Representative clients include: commercial and residential developers; logistics firms; charter facilities developers; education services companies; big box retailers; government agencies; and financial institutions.

Practice areas include: real estate; land use and zoning; public finance; private finance; project finance; corporate; logistics; and government agency and contracting.

### B. Charter Schools

The Firm has extensive experience representing charter schools, charter facilities developers, education service providers, and lenders to the charter industry.

The Firm represented a charter facilities developer in the first rated Rule 144a bond offering in the country, as well as the first bank to make a loan to a charter facility developer in Florida. Over the course of the last several years, financing transactions completed by the Firm in the charter industry total over \$500 Million.

In addition to private finance for charter developers, the firm has represented charter operators in several public finance (tax-exempt bond) transactions, drawing on both its expertise in the public finance arena as well as in the charter industry.

Charter facility development, from the ground up, is a particular area of concentration for the Firm, from identification and evaluation of potential charter sites, to support for land use and zoning efforts, negotiation of construction contracts, land acquisition, construction financing and facilities leasing. The Firm believes that it is in the very top tier of Florida firms in terms of representation of ground-up charter developments.

Charter school acquisition of formerly leased facilities is a complex matter, and the Firm has guided several charter operators through the process, from negotiation of purchase terms through simultaneous closing of acquisition and financing. The Firm has also represented charter facilities owners in such transactions, and so is able to understand the perspectives of both sides in the deals.

Transactions for Florida charter schools often involve participants from several states, such as sellers of real property, lenders or bond underwriters, rating agencies, etc. The Firm's knowledge of the particularities of Florida's charter school laws are critical in the proper structuring of transactions and the various security interest and financial covenant provisions.

Application of the essential real estate skills, and a broad knowledge of financing alternatives and market conditions, allow the Firm to serve charter industry clients with a high level of expertise and understanding.

### C. Specialized Expertise

The following are selected areas of specialized expertise relevant to representation of charter school clients:

- i. Florida's charter school legislation and implications for real property ownership and financing;
- ii. Due diligence requirements and ability to interpret results for good business decision-making;
- iii. Negotiation skills for real property acquisition, construction, financing and leasing;
- iv. Sunshine laws;
- v. School board support and professional advice in charter facility decision-making, including acquisition deliberations and financing guidance;
- vi. Property ownership structuring;
- vii. Financial and economic expertise; and
- viii. Innovative finance, including New Markets Tax Credit financing, financial asset securitization, non-traditional assessment-based bonds, pooled facilities financing, debt restructuring, project financing, and pooled tax-based infrastructure finance.

### II. RATES AND CHARGES

The Firm's standard billing rates for partners range from \$300 to \$375 per hour, associates are billed at \$230 to \$275 per hour, and paralegals are billed at \$120 to \$150 per hour.

The Firm charges its clients for incidental expenses such as travel or courier services at its cost, and copies are charged at \$0.25 per page. The Firm does not charge any administrative fees or overhead in connection with ancillary services arranged through the firm, such as survey or environmental assessments.

### III. MEMBER BIO'S

Lead attorneys in the charter industry are David Cohen, Jean Mangu and Greg Dawson. Biographical sketches of each follow in alphabetical order. Additional information about the Firm and its attorneys may be found at <a href="https://www.edcolaw.com">www.edcolaw.com</a>.

### David Cohen

David Cohen, a native of Jacksonville, was born in 1953. Since 1997, David has been a member of the law firm of Edwards Cohen, a Jacksonville firm that began in 1994. His primary areas of practice are real estate and finance, ranging from tax-exempt bond transactions to project finance for corporate, municipal and quasi-governmental agencies, in transactions ranging in size up to \$1.75 billion. Since 2001, David has developed a sub-specialty in the representation of the various participants in the charter school industry, including charter schools, charter facilities developers, education services providers, and lenders to the charter industry.

David earned a <u>Bachelor of Arts</u> degree (Economics) in 1975, with High Honors, a <u>Master of Arts</u> degree in Economics in 1977 (concentration in regulated industries), and a <u>PhD</u> in Finance in 1982 (concentrations in corporate finance and econometrics), from the University of Florida. His doctoral dissertation was an economic and econometric analysis of the impact of futures trading on market interest rates. He received his <u>Juris Doctor</u> degree from Emory University (top 2% of class), was elected to the Order of the Coif, served on the Emory Law Review and was the first Finance Fellow in Emory's Law and Economics Program.

Following completion of his Master's program at the University of Florida, David became the staff economist (later Acting Chief Economist) for the Arkansas Public Service Commission. David's legal career began with a complex finance and corporate practice with the national law firms of Jones, Day, Reavis & Pogue and White & Case (Los Angeles and Miami), where he practiced in the areas of mergers and acquisitions, municipal finance, corporate finance and project finance. He also practiced environmental law with Nossaman Guthner Knox & Elliot in Southern California. David returned to Jacksonville in 1992, practicing with Mahoney, Adams & Criser before leaving to become a shareholder in Edwards Cohen. Since returning to Jacksonville, David has served as a board member for Jewish Community Alliance, as a board member and Vice President/Finance for Jewish

Family and Community Services, and as a member of the board of River Garden Hebrew Home.

### Greg Dawson

Greg Dawson, a native of Long Island, was born in 1954. Greg joined Edwards Cohen in 2003. His primary areas of practice are business law and commercial real estate, including sales and acquisitions, development and construction, leasing and lending and loan workouts (representing lenders and borrowers). Mr. Dawson's practice also includes the representation of a national transportation logistics company in complex, service-based projects and the representation of developers in private-public redevelopment projects.

Mr. Dawson practiced in Dallas, Texas for seven years before coming to Jacksonville in 1988. He has been a shareholder in Mahoney Adams & Criser, P.A and Akerman Senterfitt, two large Florida law firms, prior to joining Edwards Cohen.

Greg received a <u>Bachelor of Arts</u> degree from Hofstra University in 1978 (Summa Cum Laude, Highest Honors) and a <u>Juris Doctor</u> degree in 1981 from the University of Virginia, with High Honors.

Mr. Dawson is a member of the Florida Bar, the State Bar of Texas, the American, Florida and Jacksonville Bar Associations, and the Business Law and Real Property and Probate Sections of the Florida Bar.

Mr. Dawson is a former Commissioner (and three-term Chairman) of the Planning Commission of the City of Jacksonville, and he has been recognized by Florida Trend as one of the State's "Legal Elite" in the practice of real estate law. In addition, he is a Leadership in Energy and Environmental Design Accredited Professional (LEED AP).

### Jean Mangu

Jean Mangu was born in Barberton, Ohio, in 1956. Jean practices in the area of government finance, including related tax and securities law matters. She has extensive experience serving as bond counsel and counsel to issuers, purchasers, trustees, credit enhancers, borrowers, underwriters and other parties in connection with governmental purpose financings, including general obligation, revenue and special assessment bonds, and private activity financings, including housing, industrial development and 501(c)(3) bonds. Jean currently serves as general finance counsel to St. Johns County and as general counsel to the Housing Finance Authority of St. Johns County.

Ms. Mangu practiced 17 years and was a partner in the national law firm Foley & Lardner before joining Edwards Cohen. She received her <u>Bachelor of Arts</u> degree from the University of Florida in 1978 and her <u>Juris Doctor</u> degree from the University of Florida, with high honors, in 1985, where she served as an editor of the Law Review and was elected to the Order of the Coif.

Ms. Mangu is a member of the Local Government Law Sections of the Florida Bar and the American Bar Association, and the National Association of Bond Lawyers.

Jean served on the Mayor's Commission on the Status of Women, and is a past president of the Uptown Civitan Club.

### ODYSSEY CHARTER SCHOOL, INC. OCS, Inc. Soard of Directors VIII. STUDENT ADMISSION POLICIES AND PROCEDURES

This policy applies to each of the schools operated by Odyssey Charter School. Inc. References to "school" refer to the individual school operated by Odyssey Charter School. Inc.

Students are accepted on a first come, first served basis, unless the number of applications exceeds the number of seats available in any class at the school.

Student applications for the upcoming school year are accepted beginning January 1<sup>st</sup>, and allows students from any school district in the state, providing the student is not subject to a current expulsion or suspension order, to seek enrollment if the school has not reached capacity. A student from another district seeking enrollment under the controlled open enrollment process may not displace students enrolled at the school who reside in the school district. Therefore, if the number of in-county applications exceeds the number of scats available for any grade level at the school, applications for students from outside the county will be placed on a waiting list for that grade level, and will be enrolled after all in-county applicants have been offered any open scat. A student from outside the county whose application is accepted may remain at the school until the student completes the highest-grade level offered by the school.

Linless the CSP Gram admission process is followed as described below, after priority admission, if the number of applicants remaining is less than the number of seats available for any grade level at the school, all applicants are admitted. If the number of applicants exceeds the number of seats available, the remaining applicants are placed in a lottery per grade level, and students are admitted as they are drawn from the lottery until each class is filled. \*\*A lottery is conducted on February 15<sup>th</sup>. The remaining applicants that were not admitted through the lottery process are placed on a waiting list in the order drawn from the lottery. Students who apply after the deadline will be placed on the waiting list after the lottery applicants on a first come, first served basis.

Parents are notified in writing of their acceptance within a month following the lottery, and must attend a school orientation. Parents whose child has been accepted must register their child(ren) during the designated registration week. Laihure to attend school orientation or register within the designated registration week may result in loss of seat.

### **Application Process**

Applications may be obtained at the office or on the school's website. Applications may be submitted to the front office of the school. Upon submission, all applications will be screened for completeness. Kindergarten parents must provide proof of child's age during application process. The child must be 5 years of age by September 1<sup>st</sup> of the school year in which the student is applying to attend Kindergarten. Applications for admission received after February 15<sup>th</sup> will be assigned a number and added to the waiting list for the appropriate grade level it a lonery has been conducted. Students not

selected for admission may reapply starting in January for the following school year. If any information on the application is false or not openly disclosed, it may be grounds for immediate withdrawal.

### **Parent Contact Information**

If parent/guardian contact information changes on the application, please notify the school immediately. If the parent/guardian cannot be reached, the student application will be withdrawn from the waiting list.

### Enrollment Preference

Florida Statute provides that the school may give enrollment preference to certain student populations. Students with enrollment preference will be offered admission without going through the lottery process provided their applications are received and accepted by the deadline and space is available for the appropriate grade level. If there is not space available at the appropriate grade level to accommodate all applicants with enrollment preference, a lottery will be held among enrollment preference applicants to fill the available spaces. Students who will receive enrollment preference include students who:

- are siblings of a student enrolled in the school;
- are children of a member of the Governing Board;
- · are children of an employee of the school;
- have successfully completed a VPK Program provided by the school or the school's Governing Board during the previous year;
- are children of an active duty member of any branch of the United States Armed Forces.\*\*

### **Lottery Process**

A lottery will be held to fill those vacancies that remain after enrollment preference is given. Parents will be notified in writing of their child's acceptance no later than 21 days after the acceptance period deadline and have 15 days to notify the school in writing of their decision to attend.

### Waiting List

A waiting list will be maintained for each grade level if applications exceed available space. Parents will be notified in writing if their student has been placed on the waiting list. All vacancies for the current school year will be filled from the waiting list. The waiting list does not carry forward to the next school year.

### School Orientation and Registration

Each accepted student and their parent/guardian are required to attend a School Orientation in the Spring. Parents/guardians must attend registration.

Parents must provide a copy of the child's birth certificate, immunization records, physical exam and proof of promotion at the time of registration.

### Alternative Lottery Process for Schools Receiving Federal Funds through the Charter School Program (CSP) Active Grant Period.

Some schools operated by Odyssey Charter School, Inc., may have received Federal Charter School Program Grant funds and will need to follow Federally-approved procedures for application and lottery. The school website and application will indicate if these alternative procedures are followed by the school.

Student applications for the upcoming school year are accepted beginning January 1<sup>st</sup>. After priority admission, if the number of applicants remaining is less than the number of seats available for any grade level, all applicants are admitted. If the number of applicants exceeds the number of seats available, the remaining applicants are placed in a lottery per grade level, and students are admitted as they are drawn from the lottery until each class is filled. The remaining applicants that were not admitted through the lottery process are placed on a waiting list in the order drawn from the lottery. Students who apply after the deadline will be placed on the waiting list via a subsequent lottery.

Parents are notified in writing of their acceptance within a month following the lottery, and must attend a school orientation. Parents who's child has been accepted must register their child(ren) during the designated registration week.

Schools receiving federal funds through a CSP Grant must adhere to federal guidelines for student enrollment during the active grant period. The Enrollment Preferences are not permitted for the student enrollment procedures for such schools while they are receiving Federal funds through the CSP Grant. However, in accordance with the CSP Grant Non-Regulatory Guidance, students in the following categories will be offered admission without going through the lottery process provided their applications are received and accepted by the deadline set forth below and space is available for the appropriate grade level. If there is no available space, they will then receive priority placement on the waitlist. The categories of students are as follows:

- are siblings of a student enrolled in the school:
- are children of a member of the Founding Governing Board;
- are children of an employee of the school (provided the total number of students allowed in this category constitutes only a small percentage of the school's total enrollment);

The school cannot accept students on a first-come, first-served basis during the CSP active grant period. The following timeline will be followed for enrollment:

January 1: Student registration period begins

February 15: If the number of applicants exceeds capacity, a lottery will be

conducted. Students who have registered will be officially

enrolled.

February 16: Second registration period begins

March 1: If the number of applicants exceeds capacity, a lottery will be

conducted. If the number of applications falls short of the

established capacity, supplemental registration periods may be held

for the purpose of reaching student capacity.

After the March 1<sup>st</sup> or any subsequent period in which the school receives more applications than spaces available, the school will conduct a lottery using the procedures described in this policy for active Federal CSP Grant Recipients.
