A Message from School Founder, Ms. Constance

Dear Odyssey Families,

We hope you are spending some quality time this summer with family and friends and we look forward to see your children when they return in August. Thank you for the honor of serving them and for your commitment to our schools.

Early results indicate that our students once again have excelled with the state assessments and are benefitting from the education we are providing them. Thank you to our teachers and staff who have dedicated themselves to get the best from your children.

This year, I have continued to work closely with the Principals and Leadership Team to further develop our schools and their unique mission for our Palm Bay Community. We have several key initiatives: We remain on track for our Gym and Performing Arts Classrooms at Wyoming, as well as our Classroom Addition, expanded car loop, added parking and new soccer field at Eldron to open for the 2020 school year. We are raising the bar to have higher expectations for student behavior this year, as well as re-training faculty with our Positive Discipline in the Classroom program on the elementary campuses to further the development of respectful classroom communities. We have hired at Green Apple, a gifted and Stem coordinator, to improve not only our gifted and talented programs, but our enrichment periods as well, as she begins working with programs and personnel from each campus.

We want to make certain we are providing for the needs of your student and family, in close partnership. Please let me know directly how we can improve service to your child and please take advantage of parent surveys and parent teas. We really do listen and take your suggestions to heart. I can be reached at cortiz@greenappleschools.com. See you soon!

Welcome Back from our Principal, Ms. Nolder

Greetings to our Odyssey Charter School Elementary and Odyssey Preparatory Academy families! We hope you are enjoying your summertime together and are spending time with family and friends. As we prepare for another successful school year together, we'd like to share some of our most recent achievements as one of the top performing schools in the state of Florida!

For the 2018-2019 school year, our Odyssey Charter School Elementary students were 1st in Palm Bay in 3rd grade Math and 4th grade ELA, and outperformed all traditional public schools in 5th grade Math and 5th grade Science. Our sister school Odyssey Preparatory Academy students were 1st in Palm Bay in 6th grade ELA, and 2nd in Palm Bay in 3rd grade Math and 5th grade Science! We are very proud of our students, teachers, faculty, and support staff for their continued efforts. They worked so hard this year!

We are excited about the 2019-2020 school year, and we are looking forward to our focus on Differentiation, Mastery and Acceleration, and on expansion of our GATEway (Gifted and Talented) program. We are excited to welcome some new and changing staff – Ms. Suzette Ventura is our new GATEway teacher; Mr. Mike Senick is our new Instructional Coach for K-2nd grades; and Ms. Carrie Young is our new Dean of Students.

We are also delighted to tell everyone that construction on our expanded car loop (with additional parking), additional staff parking lot, and 3rd wing expansion should begin in October. We are busy preparing for the coming school year and look forward to your student's return. Our team is excited to welcome our Titan families back to school in August and to begin the coming school year!

New Administrative Team Member

Dean of Students – Ms. Carrie Young

I like to read, go shopping, bake, and go to the beach. I am looking forward to meeting all of our Odyssey families and working with you!

Titan Team Changes

Mr. Eddie Haber will return to the classroom teaching 5th grade and will continue as a 'teacher on leadership assignment' outside of his teaching hours.

Ms. Suzette Ventura will transition from Instructional Coach to GATEway Gifted and Talented Teacher.

Positive Discipline in the Classroom

We are always working on developing the culture for learning at our schools. As we recommit in our elementary programs to "Positive Discipline in the Classroom" by Jane Nelsen, we are committing to the implementation of a model whose focus is to help build compassionate, resilient students who possess great communication skills. This method helps students develop the self-discipline needed to become excellent students. It helps to build a sense of community within the classroom by providing tools to develop respectful communication skills through a classroom meeting format. It helps students to treat each other in respectful ways. Its principles include helping students feel significant and that they belong, developing kind but firm teachers, teaching valuable social and life skills, and developing within students a sense of capability.

Gifted & Talented-Gateway Program

We are very excited for this upcoming school year and some of the new additions we are adding to the Gateway program at Odyssey Charter School. Our focus will be to use an integrated curriculum specific for Gateway students such as Project Lead that Way, Renzulli, and gifted curricula from William & Mary College. These curricula promote inquiry, problem solving, and logic. Some other skills that we will

integrate into this Acceleration block are group dynamics, self-advocacy and leadership. Our goal is to provide personalized learning opportunities that will foster growth and acceleration.

Acceleration Block

At Odyssey Charter School, teaching and learning are student-centered. The Acceleration block(s) is a specified period where all students have their learning "accelerated" forward. Acceleration involves the differentiation and personalization of instruction to address the needs and interests of each learner. This may appear in different forms across grade levels, but the goal is always the same, having each student reach their full potential.
